Parksville And Then Some:

Parksville and Then Some Marjorie Leffler, 2014-12-12 Parksville Then Some by Marjorie Leffler is a fascinating collection of stories and vignettes describing the historical beginnings of the small city of Parksville now a well known retirement and tourist destination which lies on the temperate east coast of Vancouver Island Informative and often amusing this book offers insight into the daily lives of the staunch pioneer homesteading families the challenges they faced and the successes they achieved in the late 1800s and early twentieth century During the 1930s and into the mid century other waves of newcomers arrived including members of the Salvation Army from Britain Russian Doukhobors war brides and entrepreneurs For long time residents of the area newcomers and visitors Parksville Then Some provides a very enjoyable glimpse into the history of the town and its surrounding communities

Up To Me David A. S. Fraser, 2017-09-25 Here is a spellbinding autobiography by a Canadian author who has gone through a multitude of frank yet honest experiences that would qualify his lifetimes to rival at least half a cat's allotment of nine How does one experience at least six major concussions without any of them being sports related What's it like to be the only Protestant principal of a more than one room Roman Catholic school in the province for three years and loving every day of it During the times of trial in Ontario and Quebec with the terrorist bombings and kidnappings by the FLQ Front de Liberation de Quebec how did this intrepid officer in Her Majesty's Service more or less almost foil an attack upon an active military base How does one of Santa's major helpers remember all the children's names for more than ten years What's it like painting the underside of the centre span of a suspension bridge across a mile of the St Lawrence River What's it like spending a total of two and a half years time over a period of twenty years in psychiatric wards across the province and coming out better for the experience J. F.

Bosher, 2010-04 During the century 1850 1950 Vancouver Island attracted Imperial officers and other Imperials from India the British Isles and elsewhere in the Empire Victoria was the main British port on the north west Pacific Coast for forty years before the city of Vancouver was founded in 1886 to be the coastal terminus of the Canadian Pacific Railway These two coastal cities were historically and geographically different The Island joined Canada in 1871 and thirty five years later the Royal Navy withdrew from Esquimalt but Island communities did not lose their Imperial character until the 1950s P 4 of cover

Secret Beaches of Central Vancouver Island

Theo Dombrowski, 2011 This third volume in Theo's Secret Beaches series is a comprehensive guide to dozens of beaches on the east coast of Vancouver Island between Campbell River and Qualicum. While some of them are well used by people who live nearby, some are tucked just off the highway and others are hidden at the end of a labyrinth of roads. Just as important as finding a particular spot is knowing what to expect. Theo provides detailed information for each location so that you can find the right place for the activity you seek. The book includes Theo's hand-drawn maps, photographs, and paintings. Want a place where the kids can scamper barefoot across acres of fine white sand? Try Seaman Road near Saratoga Beach. Eager to explore forested ravine trails leading to protected sandy beaches? Try Seal Bay north of Comox. How about a picnic in the car while watching the spring brant geese migration? Check out Seacroft Road near Qualicum. Looking for an easy place to launch a kayak for a paddle to Sandy Island Marine Park? Head for Argyll Road north of Union Bay. Refresh your pleasure in the shore and head out to picnic, play, swim, watch winter storms, or just enjoy the waves. **In the Mind of a Mountie** T. M. Scotty

Gardiner, 2010 RCMP Superintendent Scotty Gardiner's captivating memoir reveals what truly goes on behind the scenes in local and international criminal and civil investigations, from solving small town break-ins to busting multi-national drug operations and from foiling historical coin counterfeiting to making a controversial money-for-bodies deal with serial killer Clifford Olson. **IN THE MIND OF A MOUNTIE** provides deep insight into the thought processes, self-discipline, and integrity required to be an exemplary policeman. There is no LUCK in investigation; Gardiner emphasizes. Instead, you must focus on PREPARATION so you will recognize OPPORTUNITY. With masterful storytelling, Scotty Gardiner's **IN THE MIND OF A MOUNTIE** brings vividly to life the role of a policeman and investigator in late 20th century Canadian society. **ENDORSEMENTS FROM EXPERTS** A refreshing page-turner as Scotty leads from one crime investigation to the next while offering shrewd insights into the nature and habits of career criminals and RCMP officers alike. His is a broadly sympathetic view of the human condition seen through the eyes of a very smart and experienced RCMP officer. Geoff Machin MD PhD FRCPC Emeritus Prof of Pathology U of Alberta A remarkably rich and personal memoir full of stories that illustrate both the routine and complex in police work. The book is also a testament to how a combination of hard work, intellectual imagination, integrity, and self-discipline served Scotty well as a Mountie in postings across this vast country. It is an account of a life's work that needs to be told, especially in these times when the Force seems in disarray and those values compromised. John McLaren Emeritus Prof of Law U of Victoria A compelling story told in a most readable manner. Highly recommended for all ages. Scotty's life is the stuff of legends and deserves to be read widely. Hamish Simpson former head of Glenlyon School Pearson College and Upper Canada College Preparatory School **My Times and Other Times ...** John Stewart

Hamilton, 1952 **Secret Beaches of Southern Vancouver Island** Theo Dombrowski, 2011-09-30 This is your guide to dozens of spectacular and often hidden beaches on the eastern coast of Vancouver Island between Qualicum and the Malahat. While some of them are well used by people living nearby, many are virtually impossible to find without combing through official

maps and back road guides From tiny rocky coves to broad sandy beaches these public access spots are enormously diverse Just as important as finding these spots is knowing what to expect Thus each location is accompanied by detailed information that any beach explorer should know before setting out Is the beach a few level steps from a vehicle or down a high steep bank Is the beach suitable for children Large groups Kayakers All of these questions and many more are answered in this book which includes Theo s hand drawn maps photographs and artwork Watch sea lions in the winter Higginson Road Paint one of the few great views of Mt Arrowsmith go before noon for dramatic light Rowland Road Head to the most child friendly beach between Crofton and the Malahat Cherry Point Nature Park Splash and swim in warm water over sand Benwalden Road Refresh your pleasure in the shore and head out to picnic play launch kayaks watch winter storms or just enjoy the waves

A Fine Line Thomas W. Crowter, As a young boy he suffered unspeakable physical and mental abuse at the hands of unfit parents This forged him into a brutal serial killer As a man he possesses great physical strength He evades police at every turn and considers himself invincible His nemesis is a highly motivated and skilled RCMP detective He heads a team of investigators who work tirelessly to learn the killers identity Arresting him will be quite another challenge The trail turns cold after the killer leaves a shocking gift for the detective The police receive an unusual break which ignites the hunt The killer takes the police on a wild ride of bloodshed mayhem and narrow escapes The toll upon the killer and the detective builds to a breaking point Frustration leads to confrontation There is only one winner but the cost is great **Till There Were Angels** L A Rochon, 2025-03-13 In 1996 the author wanted to make a change in her life Leaving her stressful teaching job she decides to attend a business course and apply for a small business loan After being awarded money to open her own salon the author heads to Vancouver Island to begin her new life What follows is nearly thirty years of miraculous adventures and misadventures With the joyful times also came the daunting sometimes terrifying events but even when she felt completely alone the author discovered that she had angels guiding her protecting her from harm **Canadian Books in Print** , 2001 Supreme Court , 1896 **It Happened in the Catskills** Myrna Katz Frommer, Harvey Frommer, The Karmic Car Cycles Cliff Livingstone, 2009-08 The universally themed book titled The Karmic Car Cycles is a hilarious romp of car related misadventures by the author protagonist Cliff R Livingstone The book hits the ground running and is still running at the end Having led one of the wackiest most unusual and so far unlikely lives on the planet the author romps through these awesome and oftentimes unbelievable Karmic Car adventures at the rate of about ten laughs a second The author proposes that his car misadventures occurred because he had a Karmic Car Cycle going on He then builds the case through a series of hilarious vignettes that work in their right own over and above the narrative In writing it is hard to find an approach that stands out from the crowd But this is what Livingstone has done with this distinctive work which lives up to its billing as a non stop romp morning noon and night The writing style is uproariously funny conversational wry even whimsical at times and is never less than totally entertaining The book is anything but your standard bowl of cornflakes Writing is about

addressing other people Mr Livingstone has accurately identified the things about his life s experiences which could be of interest to others This gives the Karmic Car Cycles a more universal appeal than an average straight forward narrative novel might offer The book also has a universal appeal which everyone can enjoy in the sense that while located mainly in Canada the misadventures could just as easily have happened to anybody anywhere in the world whether rich poor male female sane zany or just plain still in their boots Likewise the author s self imposed criterion that all included material be entertaining and or thought provoking for the benefit of others is a rule from which many writers could benefit
