**Disability Claims Department**

**ViGlobe**

**Atlanta, GA 30301**

Dear Disability Claims Department,

I am writing to formally appeal the decision regarding my disability claim, which was denied on September 15, 2050. My claim number is 002938874. I appreciate the time and consideration that you have already extended to my application; however, I believe that there are compelling reasons to reconsider your decision.

Upon reviewing the documentation provided, I would like to present additional information that may not have been considered during the initial evaluation. Specifically, I have included new medical records from **Dr. Trace Durgan**, dated October 1, 2050, which clearly outline my ongoing health issues and how they significantly impact my daily functioning. These records provide a more comprehensive understanding of my condition and demonstrate that I continue to meet the criteria for disability benefits.

In addition to the medical evidence, I have attached statements from my spouse, **Maria Turner**, and my colleague, **Rocky Orn**, who can attest to the limitations I face due to my condition. Their insights further illustrate how my disability affects my ability to perform daily tasks and maintain employment.

I respectfully request that you review the enclosed documents and reconsider my application for disability benefits. I believe that a thorough reassessment of my situation will lead to a favorable outcome.

Thank you for your attention to this matter. I look forward to your prompt response and am hopeful for a reconsideration of my claim. Should you require any additional information, please do not hesitate to contact me via email at [YOUR EMAIL] or by phone at 222 555 7777.

Sincerely,

**Unsolved Western American Murders and Extended Cold Case**

**Resolutions** Marques Vickers, 2020-07-18 This edition profiles 75 illustrated murder cases committed within California Oregon Washington Northern Idaho and Montana Accompanying photography returns the reader to the scene of the crime with precise listed locations The most daunting dilemma of a murder investigation is typically uncovering proof beyond a reasonable doubt that a perpetrator committed a killing The evolution of forensic technology has enabled investigators to match DNA profiles from evidence obtained at a crime scene with specific individual samplings This development has resulted in several high profile cases ultimately achieving resolution Some of the accompanying profiles have developed promising suspects and probable perpetrators but lacked the tangible evidence or persuasive courtroom presentation to

convict In a few instances due to the notoriety of the trial the court of popular opinion did convict the defendant yet they remain free of incarceration Other cases have simply lacked accompanying evidence from the outset and subsequent clues or confessions have never materialized For a victim s immediate circle of family acquaintances and even society in general a lack of closure becomes an accompanying torment Stolen lives deserve accountability and one cannot fully understand the enormity of loss without concrete explanations of motive Given time some of these cases may one day find closure Some murderers do have a conscience and scientific advancements may one day piece together the fractured incoherency of inconclusive evidence
