Crespo-Fernandez,2017-02-23 Metaphor has long provided a rich way to speak about the unspeakable to refer to delicate issues Sex is one such area This book follows a cognitive linguistic and relevance theoretic approach to the language of sex considering metaphor as a bridge that brings together mind and language It does this through the analysis of the antithetical mechanisms of verbal mitigation and offence These two mechanisms are more commonly known as euphemism and its lesser known companion term dysphemism The volume reflects on the social and communicative functions that sexual metaphors perform in a sample of almost two hundred postings taken from internet forums How do people think about sex How do people avoid talking about sex How do people paraphrase sexual topics It offers an account of how real language users understand sexual taboo in present day English and also a great grounding in manual corpus work on a qualitative level

**More Than Things** Paul Louis Metzger,2023-08-08 In a world dominated by things we must work hard to account for one another's personhood Drawing a diverse set of thought leaders Paul Louis Metzger helps us navigate a pluralistic world through a personalist moral framework addressing issues such as abortion genetic engineering immigration drone warfare and more Monsters in Love Resmaa Menakem,2023-01-31 A gritty down to earth guide for real life couples Conflict is a natural part of any intimate relationship Yet most couples either avoid it or try to smooth over their differences This often results in at least one partner compromising their integrity and stunting their own growth Monsters in Love challenges the idea that conflict between partners is unhealthy or something to avoid Instead it encourages both people to stand by what they need and who they are but to do so with compassion rather than competitiveness or vengefulness This book is about the reality of committed intimate relationships which are designed to inspire both people to grow up It challenges some common misperceptions about what makes for a successful partnership It also rocks the boat of psychotherapy calling out therapists who don't bring their best to their clients Instead of comforting fantasies or false promises Monsters in Love offers you and your partner a chance to make your relationship and your lives much bigger and more emergent *Am I in a Bad*
