01-01-2016,000000000 **The Passion of Perpetua and Felicitas in Late Antiquity**, 2021-03-10 This volume gathers all available evidence for the martyrdoms of Perpetua and Felicitas two Christian women who became in the centuries after their deaths in 203 CE revered throughout the Roman world. Whereas they are now known primarily through a popular third century account, numerous lesser known texts attest to the profound place they held in the lives of Christians in late antiquity. This book brings together narratives in their original languages with accompanying English translations including many related entries from calendars, martyrologies, sacramentaries and chronicles as well as artistic representations and inscriptions. As a whole, the collection offers readers a robust view of the veneration of Perpetua and Felicitas over the course of six centuries, examining the diverse ways that a third century Latin tradition was appreciated, appropriated and transformed as it circulated throughout the late antique world. 1952, 00000000 0000 00 000000 *La Culture générale aux concours* Auber Emmanuel, Blanc-Jean Jean Alexandra, 2015-02-24

Russir l preuve de culture générale aux concours administratifs et aux examens d entrée dans les grandes écoles exige de solides connaissances mais aussi et surtout le suivi d une démarche raisonnée. Autrement dit, des codes précis sur le fond et la forme doivent être respectés. Cet ouvrage ambitionne de livrer ces clés de la réussite tout en souhaitant donner le goût de poursuivre sur le chemin de la connaissance. Bon outil pédagogique l ouvrage propose une méthodologie détaillée qui explique sans détour les pré-supposés de l preuve de culture générale, les qualités requises et la démarche suivre. Douze thèmes centraux qui vont entre autres des nouvelles formes de démocratie, la crise de la notion d intellectuel en passant par l analyse des médias et l évolution du modèle français sont ensuite explicités sous une forme problématisée. Ils intègrent les derniers développements de l actualité et sont suivis d une bibliographie sélective. De nombreux extraits d œuvres et focus thématiques illustrent le propos. Enfin, des dissertations et commentaires de texte ainsi que des plans détaillés aident mieux cerner la nature exacte de l preuve de culture générale. Le tout permet au lecteur de se familiariser avec les œuvres classiques d histoire, des idées et de philosophie politique mais aussi de mobiliser les données les plus essentielles du droit, de la science administrative, de l économie et de la sociologie. *Imagining the Passion in a*

Bonner,2008-07-28 What is jihad Does it mean violence as many non Muslims assume Or does it mean peace as some Muslims insist Because jihad is closely associated with the early spread of Islam today's debate about the origin and meaning of jihad is nothing less than a struggle over Islam itself In Jihad in Islamic History Michael Bonner provides the first study in English that focuses on the early history of jihad shedding much needed light on the most recent controversies over jihad To some jihad is the essence of radical Islamist ideology a synonym for terrorism and even proof of Islam's innate violence To others jihad means a peaceful individual and internal spiritual striving Bonner however shows that those who argue that jihad means only violence or only peace are both wrong Jihad is a complex set of doctrines and practices that have changed over time and continue to evolve today The Quran's messages about fighting and jihad are inseparable from its requirements of generosity and care for the poor Jihad has often been a constructive and creative force the key to building new Islamic societies and states Jihad has regulated relations between Muslims and non Muslims in peace as well as in war And while

today's jihadists are in some ways following the classical jihad tradition they have in other ways completely broken with it
Written for general readers who want to understand jihad and its controversies Jihad in Islamic History will also interest specialists because of its original arguments
