Prosperous Massage Practice Linda Roisum, 2018-07-15 Getting clients doesn't have to be expensive. Believe me, I know. When I stopped spending thousands of dollars marketing my business, it tripled. When I was in massage school, I knew I wanted to write a book about marketing. It was a subject that was sorely lacking in our education. At the school, I went to especially for those who wanted to start their own practices. In fact, marketing was scarcely mentioned. As I was planning my business and developing my business plan, writing a book became part of it, and after I started my practice in 2000, I was convinced of the need for it. Clients and other massage therapists often remarked that they were impressed with the growth of my business in such a short period of time. I began to write down the things that I was doing to get the business. The result is the content you are about to read: 1. the steps I used to create my vision and my marketing plan and how you can do the same thing; 2. the marketing methods I used; why I used them; whether I would use them again; 3. pitfalls to look out for; and 4. the steps I used to reduce the amount of money I was spending on marketing efforts after the first year while increasing sales and building my business every month. This book is written both for those who are already in business but would like to start a marketing plan as well as those who are thinking about going into business and want to start out on the right foot. This book is split into the following chapters: Chapter 1: Creating Your Vision; Chapter 2: Creating a Marketing Plan; Chapter 3: Getting Started; Chapter 4: No cost Marketing; Chapter 5: Low cost Marketing; Chapter 6: Networking; Chapter 7: Now That You Got Them, Don't Lose Them; Chapter 8: Get Out There and Talk; Chapter 9: Public Relations and Publicity; Chapter 10: Special Events Marketing.
