**US Policy Towards Israel** Elizabeth Stephens,2006-01-01 Although political culture is not sole explanatory factor in development of US policy toward Israel it has played a key role in serving to shape and define American approach to foreign affairs This book explains American commitment to Israel within a framework of political culture George Washington and the Jews Fritz Hirschfeld,2005 This volume explores the background and circumstances that brought about a milestone relationship between George Washington and the Jews President George Washington was the first head of a modern nation to openly acknowledge the Jews as full fledged citizens of the land in which they had chosen to settle His personal philosophy of religious tolerance can be summed up from an address made in 1790 to the Hebrew Congregation in Newport Rhode Island where he said May the Children of the Stock of Abraham who dwell in this land continue to merit and enjoy the good will of the other inhabitants while every one shall sit in safety under his own vine and fig tree and there shall be none to make him afraid Was it Washington s respect for the wisdom of the ancient Prophets or the participation of the patriotic Jews in the

struggle for independence that motivated Washington to direct his most significant and profound statement on religious freedom at a Jewish audience Fritz Hirschfeld is a documentary historian *Shut up and Listen!* Carl Robinson,2010-11-16 What happened America used to be the most powerful and most respected nation in the world America used to be the beacon of hope and the epitome of Democracy America is now a mere caricature of what it used to be Secular progressives and anti America liberals have destroyed the moral fabric in which this country was founded upon You need only to look at the moral decline and the incline of criminal activity to see that America needs a return to our Founding Father s original vision Abortion runs rampant yet convicted criminals enjoy a life of free education and cable TV We cut military spending resulting in terrorist attacks and then free those same terrorists from Guantanamo Bay Americans have become apathetic So long as we have American Idol Big Macs and Wal mart we re content to let our leaders infringe upon our inalienable rights It s time to take America back **In Case of The Rapture** Paul Kasch,2024-01-22 Watch therefore and pray always that you may be counted worthy to escape all these things that will come to pass and to stand before the Son of Man Luke 21 36 NKJV It s going to be eerie here on earth when millions of Christ loving believers are suddenly gone And they aren t the only ones who will be missing The manifestation of the Holy Spirit as the helper for the church will also be removed lifting the restraint which keeps that man of perdition from arising to take power With his deceptive help everyone who is left will soon get over the eeriness In fact there will likely be some good times in store for a short while anyway They will be followed by the worst times to ever occur which most of the remaining population will not survive Whether you are a believer hoping in the rapture a skeptic someone who is scared by today s headlines or are merely interested in understanding the scriptures supporting the doctrine Paul Kasch s latest book will take you on a wild and eye opening ride through the end of the world You will soon have a firm grasp on why Christians who look forward to the rapture believe what we believe You will also be given the set schedule along with sound Bible exposition for all the looming end times events Perhaps most importantly you will be shown the path of escape **Phoenix Rising** Donald G. Lett,Donald G Lett Jr,2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered Inquires like How can a modern society scale back its dependence on gasoline as a motive source Are there genuine alternative power sources Are they the answer to a growing crisis Recent announcements of hybrids like those from Honda Toyota and Ford have really brought attention to this issue Hybrids that use both gasoline engines and electric motors Really though alternative power sources have been around for as long as the automobile has been The battle between and among the steam car the electric and the gas car was fought out in the first couple of decades of the twentieth century This book explores the ins and outs of that battle A struggle from which the gasoline car emerged completely victorious To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades We will look over all three alternatives exploring their advantages and disadvantages We will also look over the obstacles to the steamers and the electrics Barriers

that still exist to a certain extent Handicaps that caused their disappearance in the first place *American Jewish Year Book* 2023 Arnold Dashefsky, Ira M. Cohen, 2004-09-21 In recent years Pakistan has emerged as a strategic player on the world stage both as a potential rogue state armed with nuclear weapons and as an American ally in the war against terrorism But our understanding of this country is superficial To probe beyond the headlines Stephen Cohen author of the prize winning *India Emerging Power* offers a panoramic portrait of this complex country from its origins as a homeland for Indian Muslims to a military dominated state that has experienced uneven economic growth political chaos sectarian violence and several nuclear crises with its much larger neighbor India Pakistan's future is uncertain Can it fulfill its promise of joining the community of nations as a moderate Islamic state at peace with its neighbors or could it dissolve completely into a failed state spewing out terrorists and nuclear weapons in several directions *The Idea of Pakistan* will be an essential tool for understanding this critically important country *Deciphering End-time Prophetic Codes* Perry Stone, 2015 Cyclical and historical biblical patterns reveal America's past present and future events including warnings and patterns to leaders **Debunking Jonathan Cahn - 3: A Comprehensive Critique of The Harbingers (I & II)** Advanced Apologetics Research, 2024-11-27 Jonathan Cahn's *The Harbinger* and its sequel *The Harbinger II The Return* have captivated a wide audience by presenting dramatic claims of prophetic connections between ancient Israel's

history and contemporary events in America These works suggest that America's national trajectory mirrors the biblical narrative of Israel with ominous warnings of divine judgment While intriguing these claims demand careful scrutiny Are they rooted in sound theology historical accuracy and biblical interpretation Or do they represent a sensationalized misapplication of scripture that risks distorting its core messages This book *Debunking Jonathan Cahn's 3 A Comprehensive Critique of The Harbingers* is a systematic exploration and critique of the theological historical and contextual assumptions underpinning Cahn's claims Divided into three parts the book addresses the key arguments presented in *The Harbinger* and *The Harbinger II The Return* providing a balanced yet critical analysis to help readers discern between faithful interpretation and speculative theology Part One delves into *The Harbinger I* examining its eight central claims or harbingers which purport to draw parallels between ancient Israel's covenantal breaches and events such as the 9/11 attacks and America's subsequent actions These include the Breach the Terrorist the Fallen Bricks the Tower the Gazit Stone the Sycamore the Erez Tree and the Prophetic Sign Each chapter critiques these harbingers highlighting where they rely on faulty hermeneutics misapplied symbolism or historical inaccuracies A synthetic analysis concludes this section addressing the overarching themes and implications of *The Harbinger's* narrative Part Two transitions to *The Harbinger II The Return* which expands upon the original work with ten additional harbingers These include the Watchmen the Gate the Mystery Ship the Word in the Ruins the Book of Days the Image the Judgment Tree the Children of the Ruins the Convergence and the Handwriting on the Wall This section evaluates the theological and prophetic claims of *The Harbinger II* questioning the validity of its expanded narrative and its implications for understanding America's moral and spiritual condition As with Part One the section concludes with a synthetic analysis that integrates the key critiques and themes Part Three offers a systematic analysis of both works focusing on their shared errors and theological implications It identifies key missteps in Cahn's approach including faulty hermeneutics historical misrepresentations and misunderstandings of biblical warnings and repentance This section also emphasizes the importance of contextual interpretation urging readers to engage with scripture faithfully and critically Finally it highlights the dangers of speculative theology and sensationalism warning against narratives that may captivate audiences but lack biblical grounding This critique is not intended to dismiss the value of engaging with prophetic themes or calling nations to moral accountability However it seeks to ensure that such endeavors are rooted in sound theology and respectful interpretation of scripture The *Harbinger* series while popular raises significant concerns about the ways in which biblical texts are employed to construct dramatic narratives that may distort the Bible's message and purpose By addressing these concerns this book aims to provide readers with tools for discerning faithful biblical interpretation and understanding the proper use of scripture in addressing contemporary issues

*The Palestinians* Cheryl Rubenberg, 2003 A forceful penetrating critique of the Oslo Accords and their devastating aftermath

**Saving Israel** Daniel Gordis, 2010-06-17 Is Israel worth saving and if so how do we secure its future The Jewish State must end say its enemies from intellectuals like

Tony Judt to hate filled demagogues like Mahmoud Ahmadinejad Even average Israelis are wondering if they wouldn't be better off somewhere else and whether they ought to persevere Daniel Gordis is confident his fellow Jews can renew their faith in the cause and in *Saving Israel* he outlines how 2009 National Jewish Book Award winner Addresses the most pressing issues faced by Israel and American Jews today without recycling the same old arguments Lays to rest some of the most pernicious myths about Israel including Jews could thrive without Israel Israeli Arabs just want equality and Palestinians just want their own state peace will come if Israel will just do the right things Morally powerful from a writer whose reflections are consistently as intellectually impressive as they are moving Gordis addresses the exigencies of our time with the urgency they overridingly demand and with the depth of feeling they inspire Cynthia Ozick Gordis has written many popular personal essays and memoirs in the past but *Saving Israel* is a full throated call to arms Never has the case for defending not celebrating the existence of Israel been so clear so passionate or so worthy of wholehearted support **Philosophical**

**Perspectives on the Israeli-Palestinian Conflict** Tomis Kapitan, 2015-06-11 This volume addresses a number of philosophical problems that arise in consideration of the century old conflict between Israeli Jews and Palestinian Arabs Consisting of essays by fifteen contributors including both Israeli and Palestinian philosophers and a lengthy introduction by the editor it deals with rights to land sovereignty self determination the existence and legitimacy of states cultural prejudice national identity intercommunal violence and religious intransigence *Globalization Or Empire?* Jan Nederveen

Pieterse, 2004-08 Is America's cultural economic and military domination of the world globalization or is it just empire In this smart brief book Pieterse confronts many of the most important issues surrounding this question *American Intifada* Uri Kaufman, 2025-04-29 Why are progressives so hostile to Israel Listen to commentators and a pattern quickly emerges the more liberal the speaker the more likely they are to attack Israel Worse many liberals say things about Israel that are patently false After the October 7 Hamas attack Barack Obama said that Israel had unclean hands because of the unbearable occupation The trouble was there was no occupation Israel had withdrawn from Gaza almost twenty years before With his acclaimed wit historian Uri Kaufman answers the riddle by examining the phenomenon through the distorting lens of race Simply put Israelis are perceived as a white group of privilege while Palestinians are perceived as people of color For progressives fighting for people of color is the core value that crowds out all other considerations no matter the facts It all results in a strange upside down world where liberals attack Israelis who share their values while embracing Palestinians who reject them *A Different Trek* David Kroening Seitz, 2023-07 A different kind of Star Trek television series debuted in 1993 Deep Space Nine was set not on a starship but a space station near a postcolonial planet still reeling from a genocidal occupation The crew was led by a reluctant Black American commander and an extraterrestrial first officer who had until recently been an anticolonial revolutionary DS9 extended Star Trek's tradition of critical social commentary but did so by transgressing many of Star Trek's previous taboos including religion money eugenics and interpersonal conflict DS9

imagined a twenty fourth century that was less a glitzy utopia than a critical mirror of contemporary U S racism capitalism imperialism and heteropatriarchy Thirty years after its premiere DS9 is beloved by critics and fans but remains marginalized in scholarly studies of science fiction Drawing on cultural geography Black studies and feminist and queer studies A Different Trek is the first scholarly monograph dedicated to a critical interpretation of DS9 s allegorical world building If DS9 has been vindicated aesthetically this book argues that its prophetic place based critiques of 1990s U S politics which deepened the foundations of many of our current crises have been vindicated politically to a degree most scholars and even many fans have yet to fully appreciate
