What Students Want from their PSHE in Secondary School Angela Milliken-Tull, 2025-06-25 This thought provoking text stems from the voices of young people in secondary schools and what they want from their PSHE education The book focuses on personal development an aspect of PSHE that is often side lined in favour of a more topic based approach to consider how PSHE lessons can help young people build the knowledge skills and character necessary to navigate a fast changing world Informed by feedback collected from over 10 000 students on their experiences of PSHE and personal development education chapters provide suggestions for moving towards solutions that will help teachers improve provision in what is often a tricky topic to teach The book discusses how the fast paced changes in today s world make PSHE particularly difficult to teach and offers advice and guidance on what best practice looks like in such an ever moving field along with signposts to further reading and supporting lesson plans With activities in each chapter to build knowledge and develop skills which students will find useful throughout school and into future study and employment this book is essential reading for any teacher looking for further guidance in the secondary PSHE classroom

[XML & XSL Fast Start 2nd Edition: Your Quick Start Guide for XML & XSL](#) Smart Brain Training Solutions, 2015-12-10 Need a precise focused training guide for XML XSL Get this Fast Start guide to quickly learn XML XSL fundamentals Regardless of whether you are an IT manager developer administrator or an advanced user this Fast Start guide will help you learn the essential concepts needed to successfully work with XML XSL Covers all versions of XML XSL What is XML XML or eXtensible Markup Language is a metalanguage That is it s a language that can be used to describe other languages and a specification for storing information Although XML and HTML may seem to have a lot in common in reality the difference between them is like the difference between night and day HTML is used to format information but it isn t very useful when it comes to describing information For example you can use HTML to format a table but you can t use HTML to describe the data elements within the table The reason for this is that you can t really depict something as abstract as a distributor or a customer with HTML which is where XML comes into the picture XML can be and is used to define the structure of data rather than its format This Fast Start guide begins by showing you the basics of the XML language and then builds on that knowledge to show you how to create style and transform documents

The X-Manual Peter J. Bellini,2022-04-07 The title of the book The X Manual is taken from the word exousia from the subtitle It is the Greek word for authority The word is used throughout the New Testament For our purposes it is used to express the divine authority or right to cast out demons I have given you authority exousia to trample on snakes and scorpions and to overcome all the power of the enemy nothing will harm you Luke 10 19 NIV Jesus gives believers authority to cast out demons This book is about spiritual authority over evil The X Manual is a practical how to handbook for clergy and laity on deliverance and exorcism One reason I wrote the book is because so few understand and or operate effectively in deliverance ministry Nowhere is the church more inadequate or excessive than in deliverance ministry The X Manual contains specific time tested biblical instructions on selecting and training a deliverance team pre deliverance work the deliverance session post deliverance work and other useful tools like the C1 13 instrument that helps determine if one needs deliverance Deliverance

is essential to the church's New Testament healing and evangelism ministry. It is time for the church to walk in the authority and power that Christ gave us to set the captives free. Handbook on Assessments for Gifted Learners Susan K.
