**Teaching Recent Global History** Diana B. Turk, Laura J. Dull, Robert Cohen, Michael R. Stoll, 2014-03-05 Teaching Recent Global History explores innovative ways to teach world history beginning with the early 20th century The authors unique approach unites historians social studies teachers and educational curriculum specialists to offer historically rich pedagogically innovative and academically rigorous lessons that help students connect with and deeply understand key events and trends in recent global

history Highlighting the best scholarship for each major continent the text explores the ways that this scholarship can be adapted by teachers in the classroom in order to engage and inspire students Each of the eight main chapters highlights a particularly important event or theme which is then complemented by a detailed discussion of a particular methodological approach Key features include An overarching narrative that helps readers address historical arguments Relevant primary documents or artifacts plus a discussion of a particular historical method well suited to teaching about them Lesson plans suitable for both middle and secondary level classrooms Document based questions and short bibliographies for further research on the topic This invaluable book is ideal for any aspiring or current teacher who wants to think critically about how to teach world history and make historical discussions come alive for students *Teaching Global History* Alan J. Singer, 2012-04-27 Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why It explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity history and the contemporary world All chapters include lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps High school students responses are woven in throughout Additional material corresponding to each chapter is posted online at [http://people.hofstra.edu/alan\\_j\\_singer](http://people.hofstra.edu/alan_j_singer) The traditional curriculum tends to highlight the Western heritage and to race through epochs and regions leaving little time for an in depth exploration of concepts and historical themes for the evaluation of primary and secondary sources and for students to draw their own historical conclusions Offering an alternative to such pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and how to teach it Regents Quick Guide: Global History and Geography II Exam Barron's Educational Series, Kristen Thone, 2022-01-13 Barron's Regents Quick Guide Global History and Geography II Exam provides expert advice and essential tips and practice for students This digital guide features A clear overview of the exam format including detailed descriptions of all question types Test taking tips and helpful hints for achieving success on all parts of the exam Practice for all question types from recently administered Global History and Geography II Regents Exams including stimulus based multiple choice questions constructed response questions and an enduring issues essay Thorough answer explanations and sample responses for all questions **Geography and History** Alan R. H. Baker, 2003-11-06 Table of contents **A Global History of History** Daniel Woolf, 2011-02-17 An illustrated survey of global historical scholarship from the ancient world to the present for courses in theory and historiography **The Structure of Political Geography** Julian Minghi, 2017-09-04 This volume seeks to provide a sense of purpose and order to the study of political geography The editors devise a conceptual structure for the field bringing political geography into line with trends in contemporary geography as a whole and with other social sciences Not only do the selections contain a wide variety of contributions from other fields but the introductory essays and annotated bibliographies

suggest related research The structure of the book enjoys close parallels in other social sciences The organization of the book reflects the editors definitions and structuring of political geography Part I Heritage includes works that have contributed to the theoretical development of the field Part II Structure comprises the concern to which political geographers have devoted most of their past attention Parts III and IV Process and Behavior form the subject where much future theoretical and practical effort is needed Part V Environment provides the context in which spatial structure process and behavior occur The Structure of Political Geography includes selections from sociobiology history international relations political economy political science social psychology and sociology The classics in the field are an essential inclusion since the book would be incomplete without them The selections in the volume originally published in 1971 remain useful and pertinent to political geographers of diverse persuasion and to social scientists interested in geographical approaches The fact that there is a clear focus and conceptual interdependence in political geography is the volume s greatest contribution *Global History and Geography Power Pack* Mark Willner,2016-11-01 The brand new edition of Let s Review Global History and Geography described above can also be purchased as part of a two book set with Barron s Global History and Geography Regents Exams and Answers The Power Pack represents a savings of 2 99 when compared to the prices of the books purchased separately

**Teaching World History in the Twenty-first Century: A Resource Book** Heidi Roupp,2015-02-12 This practical handbook is designed to help anyone who is preparing to teach a world history course or wants to teach it better It includes contributions by experienced teachers who are reshaping world history education and features new approaches to the subject as well as classroom tested practices that have markedly improved world history teaching Circulations in the Global History of Art Thomas DaCosta Kaufmann,Catherine Dossin,Béatrice Joyeux-Prunel,2016-03-03 The project of global art history calls for balanced treatment of artifacts and a unified approach This volume emphasizes questions of transcultural encounters and exchanges as circulations It presents a strategy that highlights the processes and connections among cultures and also responds to the dynamics at work in the current globalized art world The editors introduction provides an account of the historical background to this approach to global art history stresses the inseparable bond of theory and practice and suggests a revaluation of materialist historicism as an underlying premise Individual contributions to the book provide an overview of current reflection and research on issues of circulation in relation to global art history and the globalization of art past and present They offer a variety of methods and approaches to the treatment of different periods regions and objects surveying both questions of historiography and methodology and presenting individual case studies An Afterword by James Elkins gives a critique of the present project The book thus deliberately leaves discussion open inviting future responses to the large questions it poses *Maritime History as Global History* Maria Fusaro,Amélia Polónia,2017-10-18 This study aims to provide new insights into the connections between maritime history and global history It demonstrates the significance of maritime activity as a conduit of global exchange by examining local national and

international interdependencies and trade networks and a broad range of time periods geographical areas and various sub divisions of maritime historical research It is composed of ten essays with an introductory chapter and concluding chapter The first five essays discuss the effects globalisation on shipping in the early modern period the following three discuss maritime transportation and the economics of industrialisation from the nineteenth century to the present day the next discusses the impact of global entrepreneurialism on maritime history the penultimate discusses the connections and variables between maritime and global history and the concluding chapter examines the theoretical assumptions surrounding the two disciplines using the globalisation of Early Modern Spain as a case study to do so The study demonstrates that the core strength of maritime history is its essential place in global history and that the process of globalisation began at sea

*The Status of World History Instruction in American Secondary Schools* William E. Pulliam, 1972 The one year course in world history popular in some quarters does not seem to have made much headway High school level courses on world history are one of the many responses to the World Wars yet said courses have never been recommended by a committee of national scope on which there were any historians Opinion surveys among teachers and students indicate that no other part of the typical social studies program is more criticized than the tenth grade level one year elective world history course These courses are increasing in number textbooks are multiplying and a few interesting experiments are being worked out yet there is no general agreement on organization scope objectives teaching strategies or assessment in these courses This document is a summary of historical and recent surveys on curricular trends in social studies with regard to world history to help educators assess what impact they may have on the teaching of world history in the 1970s

**Human Rights in World History** Peter N. Stearns, 2012 The book goes on to describe the rise of the first modern style human rights statements associated with the Enlightenment and contemporary antislavery and revolutionary fervour

**The Global History of Portugal** Carlos Fiolhais, José Eduardo Franco, José Pedro Paiva, 2021-12-06 For thousands of years Portugal has been the point of arrival and departure for peoples cultures languages ideas fashions behaviours beliefs institutions and produce While its miscegenation and global multimodal activity enriched the world in many ways it also provoked violence war suffering and resistance The Global History of Portugal contains 93 chapters grouped into five parts Pre history Antiquity Middle Ages Early Modern period and Modern World Each chapter begins with an event interpreted in the light of global history Each part opens with an introduction offering a perspective of the period in question The three Editors five Scientific Coordinators João Luís Cardoso Carlos Fábio Bernardo Vasconcelos e Sousa Catia Antunes and António Costa Pinto and ninety Contributors offer a critical and analytical synthesis of the history that originated in Portuguese territory or passed through it stimulating the process of encounter and dis encounter in today's global world The history presented gives special attention to the world that moulded Portugal and the Portuguese and to the ways Portugal configured the world It seeks to identify and understand the transversal entanglements of historic impact and the impulses these gave to the construction of

Portugal and the world Contemporary reflection and academic scholarship on the global history of leading nations has stimulated a rethinking of the past and a more comprehensive recognition of legacy Historians can no longer overlook the wider world with which their country of investigation has interacted Portugal s role in the dynamic circulation of peoples and ideas makes it global history not only unique by way of what took place but also in terms of a potential academic template for better understanding of how the past shapes the present and more particularly the importance of acknowledging a country s past historic mis steps and how these are dealt with by contemporary populations
