Protecting Court A Practitioners Guide To Court Security:

Protecting Court Jimmie H. Barrett, 2009 *Protecting Court A Practitioner's Guide to Court Security* examines the art of protecting today's courts by using history as its example and common sense as its foundation. As demonstrated far too often in today's news, there are some who will lash out in anger and violence if the scale of justice does not weigh in their favor. The intensity of emotion within the courthouse has placed a spotlight on the court security officer whose role is to ensure that all participants in the courthouse are safe and free from harm. *Protecting Court* illustrates the importance of courtroom security measures which are too often overlooked until grave tragedies occur. Well-paced examples throughout the book depict specific courtroom events to demonstrate applicable concepts and solutions for court security practitioners. For every Sheriff responsible for creating a safe and secure courthouse, *Protecting Court* is absolutely required reading for practical court security. Sheriff Thomas Faust, Ret. former Executive Director, National Sheriffs Association. Jimmie Barrett has captured the essence of court security and his book is a must for all judges, bailiffs, court security officers, and court administrators. Judge Richard W. Carter, Ret. Arlington, Texas, Director of Legal Services, Crime Stoppers USA. Author of *Court Security for Judges, Bailiffs, Other Court Personnel*. *Protecting Court* is designed to be used by law enforcement and criminal justice officials addressing the complex issues of providing court security. This book provides a much-needed pragmatic guide of best practices in courthouse security strategies. Sheriff Beth Arthur, Arlington County, Virginia. *Protecting Court* should be the resource every court security professional reaches for before entering their first courtroom. Lynda S. O'Connell, CAE, Executive Director, Virginia Center for Policing Innovation.

Practitioner's Guide to Arbitration in the Middle East and North Africa Essam Al Tamimi, 2009-09-01. The *Practitioner's Guide to Arbitration in the Middle East and North Africa* is the culmination of the real experience and expertise from those experts and authorities directly involved with arbitration in their respective countries. The book is the first of its kind to target the Mena region specifically and is essential for anyone working in the area of arbitration, both in the Middle East and world-wide. The practice of arbitration of private disputes is not new to MENA countries. Arbitration has long been recognized as a legitimate and culturally accepted practice of dispute resolution, dating back to dispute resolution practices of the early Islamic period and even the pre-Islamic era. International commercial arbitration and its cultural and juridical acceptance is a more recent and complex phenomenon; nonetheless, on the rise in MENA countries. It is now standard for arbitration clauses to be included in contracts governing international transactions, and there is a growing consensus among MENA merchants engaged in international trade, along with their commercial counterparts in the rest of the world, that

international arbitration is preferable to litigation in domestic courts for purposes of resolving private commercial disputes While subject to some qualifications and restrictions in some instances in many if not most MENA countries arbitration clauses can be included in contracts with government entities engaging in commercial transactions Additionally conferences seminars and training programs in international arbitration are on the rise and various international arbitration centres have been established The advantages from the perspective of private parties are tremendous Parties can elect which law will apply to disputes arising from their transactions and they can remove themselves from the constraints and biases of parochial attitudes in national courts There is also an increasing acceptance by national courts of international arbitration standards such as the principle of Kompetenz Kompetenz recognising the right of arbitrators to decide their own jurisdiction and the separability of the arbitration clause More frequently courts are granting assistance and support to international arbitrations and are more receptive to enforcing foreign awards This book is a comprehensive guide to arbitration in Algeria Bahrain Egypt Iran Jordan Kuwait Lebanon Libya Morocco Oman Palestine Qatar Saudi Arabia Sudan Syria Tunisia UAE and Yemen Written in question answer format by leading practitioners and firms from the region it elicits the most salient features of the legal framework for arbitration and international arbitration in each of the respective countries
