Perspectives of Psychological Operations (PSYOP) in Contemporary Conflicts

Ron Schleifer, 2013-01-16 A collection of essays that provides analysis and commentary on psychological warfare in the battle against terrorism PSYOP techniques adopted by different Palestinian groups against Israel and actions that promote the Palestinian cause in the West Israeli strategies for combating radical Islam and more

Psychological Warfare in the Intifada Ron Shlaifer, 2006 Psychological warfare is a touchy subject in western democratic societies It raises the spectre of Nazism and totalitarian methods of mind control yet provides an explanation for the spectacular success of the Palestinians in their fight against Israel and their ability to exert political pressure on this regional power This is the first book of its kind on PSYOP psychological operations military actions designed to influence the perceptions and attitudes of individuals groups and foreign governments in Middle East research The book provides a much needed in depth analysis of the techniques used by both the Israelis and the Palestinians The volume clarifies the rationales for psychological warfare in the Israeli Palestinian conflict from 1948 to 1991 examines the development of concepts of offensive and defensive psychological warfare as developed by the Nazis and the Soviets as well as US and British tactics of persuasion and looks at the ways the main actors have adapted these tactics to the specifics of the Intifada Close attention is paid to the formulation and dissemination of Palestinian psychological themes directed at the Arab world neutral parties and the enemy and official Israeli attempts though largely unsuccessful to counter them including official government stances and directives to the Israeli Defense Forces The Intifada conducted under media scrutiny resulted in a total re examination of Israeli military strategies which has important bearing for the future conduct of armies fighting local insurgency most recently the US Irag experience Parameters ,2015 **Psychological War Trauma and Society** Irit Keynan, 2015-04-10 This book explores the psychological trauma affecting soldiers and civilians who have encountered the violence of war or terrorism arguing that the enigmas surrounding war trauma are rooted in culture collective memory and social norms Focusing primarily on a large scale sociological study in Israel chapters detail the ideological political historical and economic factors that shape the multifaceted connection between individual and collective trauma probing the exterior layers of Israeli society and exposing the complex relationship between society and emotionally scarred individuals everywhere

Divided into three main parts particular attention is paid to the treatment of soldiers and civilians and the tension between the medical and societal approaches to PTSD shedding light on the intricate relationships between war trauma and society worldwide Part 1 looks at traumatized soldiers and the changing attitudes towards CSR and PTSD Part 2 explores civilian trauma and shock including the first published research on the implications of war trauma in Israeli Arab society and Part 3 analyses the deficiencies and contradictions in current international definitions and discourses of trauma and the profound consequences of war trauma in society as a whole Psychological War Trauma and Society will be of key value for academics and postgraduate students in the fields of psychology sociology history Jewish studies military studies social work terrorism studies and political science as well as professionals who work with traumatised individuals either directly or indirectly including psychologists psychotherapists and social workers The Hebrew edition of the book was the winner of the 2012 AIS Association for Israel Studies Shapiro Award for Best Book in Israel Studies **Echo Chambers of Conflict** Jonathan Matusitz, Jonah Lynne, 2025-10-20 This volume offers a detailed description of how media propaganda shapes public perception in conflict zones drawing on key communication theories like framing and agenda setting It analyzes disinformation campaigns by Hamas and Israel showing how psychological warfare plays out on social media platforms The book delves into polarization and radicalization emphasizing social media s role in exacerbating these processes and exploring how individuals especially youths are radicalized online through gradual stages of desensitization This discussion is expanded through an analysis of digital activism and the role of social media in facilitating global protest movements The **Arab-Israeli Conflict** Kirsten E. Schulze, 2013-11-14 In this fully revised new edition Kirsten Schulze brings us to a new understanding of the causes course and consequences of the Arab Israeli Conflict Schulze analyses the dynamics of the violence and explores the numerous attempts at resolving the conflict She assesses why in the cases of Israel Egypt in 1978 and Israel Jordan in 1994 negotiations succeeded in bringing about a lasting peace and why in the cases of Israel and the Palestinians Syria and Lebanon they failed to do so Written in a clear and accessible style this fully updated second edition Traces the origins of the conflict from their first intellectual roots in the 19th century Examines the actions and aims of the competing nationalist movements during the period of the British Mandate which led to the creation of the state of Israel Outlines and analyses each of the Arab Israeli conflicts from the creation of the state of Israel in 1948 to the 2006 Lebanon war and the on going second Palestinian uprising With a diverse collection of documents and a Chronology Glossary Guide to Further Reading and a Who s Who summarizing the careers and contributions of the main figures this book is absolutely vital to understanding the current Israeli Palestinian violence the intra Palestinian rift between Hamas and Fatah and why the Arab Israeli conflict has become the centre of Muslim politics both violent and non violent across the world Israel and the Foreign Media Daniel Seaman, Ron Schleifer, 2023-05-03 This book is a semi biographical account of Daniel Seaman former director of the Israeli Government Press Office GPO and his 25 years of working with foreign journalists in the GPO coupled

with an analysis of the impact that foreign media coverage of Israel has had on both public perception and diplomatic policy It relates the untold story of decades long manipulation involved in the presentation of the Israeli Palestinian conflict by journalists and editors together with Palestinian operatives who abused their professional standards in order to create and maintain an ideological narrative This is a challenging read for those whose opinion on Israel is fixed but it is a crucial wake up call for the survival of Western democracy and a free press **Justice and Peace in the Israeli-Palestinian Conflict** Yaacov Bar Siman Tov. 2014-09-19 In this book the late Prof Yaacov Bar Siman Tov argues that the failure of the Israeli Palestinian peace process so far has been mainly the result of the inability of both sides to reach an agreed formula for linking justice to peace The issues of justice and injustice are focused mainly on the outcomes of the 1947 1949 first Arab Israeli War and specifically in the creation of the Palestinian refugee problem The conflicting historical narratives of the two sides regarding the question of responsibility for the injustice done to the Palestinians turn the Israeli Palestinian conflict into a classic case of linking the issues of justice and peace Yaacov Bar Siman Tov maintains that the narratives of justice and injustice in the Israeli Palestinian conflict have proved to be formidable barriers to peace Hence he recommends that justice should be compromised for the sake of peace The link between justice and peace is an important issue requiring both sides attention but given the wide and currently unbridgeable gap separating the two sides it should be postponed to the phase of reconciliation rather than being included in the process of conflict resolution. The two state solution is endorsed as the best and practical solution and as a first step for a just peace in this conflict to be followed by reconciliation Highly topical this book is essential reading for scholars and researchers of International Relations Peace Studies and the Arab Israeli conflict

Turmoil in the Middle East Berch Berberoglu,1999-11-04 Berch Berberoglu examines the dynamic social forces and political turmoil that plague the contemporary Middle East Handbook of Research on Contemporary Approaches to Orientalism in Media and Beyond Tombul, Işil,Sarı, Gülşah,2021-05-28 Orientalism is about much more than just information gathered about the East within its general postcolonial period In this period orientalism is a Western discourse that dominated and shaped the view of the East There is otherization in the way the West has historically looked at the East and within the information presented about it These original stories of travelers in the past and previous telling about the East are facing a reconstruction through modern types of media Cinema television news newspaper magazine internet social media photography literature and more are transforming the way the East is presented and viewed Under the headings of post orientalism neo orientalism or self orientalism these new orientalist forms of work in combination with both new and traditional media are redefining orientalism in the media and beyond The Handbook of Research on Contemporary Approaches to Orientalism in Media and Beyond shows how both new media and traditional media deal with orientalism today through the presentation of gender race religion and culture that make up orientalist theory The chapters focus on how orientalism is presented in the media cinema TV photography and more This book is ideal for communications theorists
