**Senhora** José de Alencar, 2010-06-04 It is a truth universally acknowledged that a single woman in possession of a good character but no fortune must be in want of a wealthy husband that is if she is the heroine of a nineteenth century novel Senhora by contrast turns the tables on this

familiar plot Its strong willed independent heroine Aur lia uses newly inherited wealth to buy back and exact revenge on the fianc who had left her for a woman with a more enticing dowry This exciting Brazilian novel originally published in 1875 and here translated into English for the first time raises many questions about traditional gender relationships the commercial nature of marriage and the institution of the dowry While conventional marital roles triumph in the end the novel still offers realistic insights into the social and economic structure of Rio de Janeiro in the mid 1800s With its unexpected plot it also opens important new perspectives on the nineteenth century Romantic novel

**Mestizo Nations** Juan E. De Castro, 2022-08-30 Nationality in Latin America has long been entwined with questions of racial identity Just as American born colonial elites grounded their struggle for independence from Spain and Portugal in the history of Amerindian resistance constructions of nationality were based on the notion of the fusion of populations heterogeneous in culture race and language But this rhetorical celebration of difference was framed by a real life pressure to assimilate into cultures always defined by Iberian American elites In *Mestizo Nations* Juan De Castro explores the construction of nationality in Latin American and Chicano literature and thought during the nineteenth and twentieth centuries Focusing on the discourse of mestizaje which proposes the creation of a homogenous culture out of American Indian black and Iberian elements he examines a selection of texts that represent the entire history and regional landscape of Latin American culture in its Western indigenous and neo African traditions from Independence to the present Through them he delineates some of the ambiguities and contradictions that have beset this discourse Among texts considered are the Indianist novel *Iracema* by the nineteenth century Brazilian author Jos de Alencar the *Tradiciones peruanas* Peruvian Ricardo Palma s fictionalizations of national difference and historical and sociological essays by the Peruvian Marxist Jos Carlos Mari tegui and the Brazilian intellectual Gilberto Freyre And because questions raised by this discourse are equally relevant to postmodern concerns with national and transnational heterogeneity De Castro also analyzes such recent examples as the Cuban dance band Los Van Van s use of Afrocentric lyrics Richard Rodriguez s interpretations of North American reality and points of contact and divergence between Jos Mar a Arguedas s novel *The Fox from Up Above and the Fox from Down Below* and writings of Gloria Anzald a and Julia Kristeva By updating the concept of mestizaje as a critical tool for analyzing literary text and cultural trends incorporating not only race culture and nationality but also gender language and politics De Castro shows the implications of this Latin American discursive tradition for current critical debates in cultural and area studies *Mestizo Nations* contains important insights for all Latin Americanists as a tool for understanding racial relations and cultural hybridization creating not only an important commentary on Latin America but also a critique of American life in the age of multiculturalism
