Regenerate Tony Scarcello, 2020-09-24 Loss Fear Doubt What does anything mean when your ground of being is stripped away Tony met God when he was four years old through the love of his mother When he was twelve he realized he had a crush on one of his male friends and grew convinced God would have nothing to do with him At sixteen Tony reencountered God who affirmed that nothing stood between them but love When he was twenty three married to the girl of his dreams and on staff at a church Tony's secret came out and he came close to losing it all What followed was arduous years of deconstruction losing everything he thought he knew about God only to rediscover God in the mystery This God was not a new God it was the same one as before just seen with regenerated faith

This God was more beautiful and restorative than Tony could have ever imagined Tony's story is not uncommon in the modern evangelical landscape. Thousands of people throughout the West are experiencing a crisis of faith that is commonly referred to as deconstruction. With raw honesty, Tony uses his own story as a starting point for a dialogue on the deconstruction process. Tony unpacks what the deconstruction process is, why it happens, and how the church can help people experiencing a crisis of faith without worsening it along the way. In this memoir, Tony candidly pleads for the church to make a turn not to a trendier progressive version of Christianity nor to a stricter form of fundamentalism but to the revolutionary Jesus-centered movement that changed the face of the earth. A movement once better known for its society of healing love than its dogma.

Savoring Gotham, 2015-11-11 When it comes to food there has never been another city quite like New York The Big Apple a telling nickname is the city of 50 000 eateries of fish wriggling in Chinatown baskets huge pastrami sandwiches on rye fizzy egg creams and frosted black and whites It is home to possibly the densest concentration of ethnic and regional food establishments in the world from German and Jewish delis to Greek diners Brazilian steakhouses Puerto Rican and Dominican bodegas halal food carts Irish pubs Little Italy and two Koreatowns Flushing and Manhattan This is the city where if you choose to have Thai for dinner you might also choose exactly which region of Thailand you wish to dine in

Savoring Gotham weaves the full tapestry of the city's rich gastronomy in nearly 570 accessible informative A to Z entries. Written by nearly 180 of the most notable food experts, most of them New Yorkers, Savoring Gotham addresses the food people, places, and institutions that have made New York cuisine so wildly diverse and immensely appealing. Reach only a little ways back into the city's ever-changing culinary kaleidoscope and discover automats, the precursor to fast food restaurants where diners in a hurry dropped nickels into slots to unlock their premade meal of choice. Or travel to the nineteenth century when oysters cost a few cents and were pulled by the bucketful from the Hudson River. Back then the city was one of the major centers of sugar refining and of brewing too; 48 breweries once existed in Brooklyn alone, accounting for roughly 10% of all the beer brewed in the United States. Travel further back still and learn of the Native Americans who arrived in the area 5,000 years before New York was New York, and who planted the maize, squash, and beans that European and other settlers to the New World embraced centuries later. Savoring Gotham covers New York's culinary history but also some of the most recognizable restaurants, eateries, and culinary personalities today. And it delves into more esoteric culinary realities such as urban farming, beekeeping, the Three Martini Lunch, and the Power Lunch, and novels, movies, and paintings that memorably depict Gotham's foodscapes. From hot dog stands to haute cuisine, each borough is represented. A foreword by Brooklyn Brewery Brewmaster Garrett Oliver and an extensive bibliography round out this sweeping new collection.
