

A man in a dark suit and glasses is standing at the front of a room, gesturing with his hands as if presenting. He is facing a group of people whose backs are to the camera. The room has a light-colored tiled wall and a whiteboard. The overall scene is dimly lit, with the focus on the presenter and the audience.

The questions in this book are similar to the ones asked in the actual Test. How should we know? We know because although we have been working as Fusion Consultants for many years, we have recently certified with the latest version of the test. Before you start, here are some Key features of the Exam. This certificate builds on the basic knowledge gained by a consultant and preferably refined by practical experience within a project team and the consultant can implement this knowledge of the specialist areas practically in projects. The Questions are multiple choice type and there is NO penalty for an incorrect answer. You are not allowed to use any reference materials during the certification test; no access to online documentation or to any Oracle system. Clearing the Certification will not automatically lead you to a job. However, a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the Oracle Consulting World opens for you to explore. Helping you with the first step on your ladder to success is this book.

Some UNIQUE features of this Book: There is NO authentic material in the market for the Oracle Fusion Financials Accounts Receivable Essentials Test. The authors have themselves cleared the exam. All questions are multiple choice format similar to the questions you will get in the actual exam. Over 150 authentic questions testing the exact same concepts that will be tested in Your exam.

Study Guide for Use with Financial Accounting John J. Wild, John Wild, 2004. The Study Guide covers each chapter with reviews of the learning objectives, outlines of the chapters, and summaries of chapter materials. It also provides additional problems and solutions.

Study Guide for Use with Financial Accounting Walter B. Meigs, 1987      *Student Manual and Data* Axzo Press, Axzo Press, 2004-12.

This ILT Series course introduces students to the fundamentals of financial management. Students will become familiar with basic accounting concepts and terms, track business transactions, use universal accounting tools such as the general journal, general ledger, and trial balance. Course activities also cover the purpose and how to use the four financial statements: the income statement, the balance sheet, the cash flow statement, and the statement of stockholders' equity. Finally, students learn how to create and enforce a budget by analyzing financial statements, setting objectives, and monitoring performance. The manual is designed for quick scanning in the classroom and filled with interactive exercises that help ensure student success.
