Breaking the Chain Allyson Reedy, 2011-09-13 In 2009 Allyson Reedy broke the chain She stopped eating meals snacks and goodies from the chain restaurants that line America's streets and dominate our stomachs Her food memoir Breaking the Chain How I Banned Chain Restaurants From My Diet And Went From Full To Fulfilled chronicles her year long experience as she sought out local alternatives to the food we've come to rely upon Breaking the Chain is Fast Food Nation Eric Schlosser told from Carrie Bradshaw's point of view if she loved manicotti as much as Manolos It's about passing up ritual office breakfasts of bagels and donuts It means having awkward conversations and waiting longer for food It involves breaking social customs and inconveniencing friends It necessitates supporting your neighbors and local community It also means discovering new favorite foods saving money and for Allyson losing weight Breaking the Chain began with Allyson wanting to eat better tasting more adventurous food After watching friends family and strangers eat unsatisfactory meal after meal at chain restaurants and get fatter as a result she wondered how we could break this chain of mediocrity obesity and commercialism By giving up corporate controlled meals she figured she could achieve her goal of eating the most delicious possible food and maybe even learn something about her eating habits along the way The experiment turned into so much more than tasty food Somehow eating guilt free turned into the world's easiest weight loss method During the worst economic downturn of our lifetime it became a means of keeping community restaurants in business and neighbors employed It's possible Allyson reduced her carbon footprint by half a step and increased her life by a few years She unwittingly became social commentary and got in a battle with The Man In other words it got interesting

Exploring Great Leadership R. Lynn Wilson, 2012-11-15 Just like you don't have to be a CEO to be a great leader you don't have to be a great leader to achieve personal success I have said that income wealth position and status are not measures of great leadership They are not measures of personal success either Personal success is achieved through honoring and respecting those around you including family friends fellow employees and others always being ethical at work and in your personal life channeling your motivation and desires toward specific career and personal goals which are compatible with your mental being and being willing to pay the price of achieving those goals through sacrifice and hard work Those who do that will find their niche for success and achieve it Another significant point I want to make is the

importance of enthusiasm and a positive attitude to achieve that success especially when things are not going exactly as you envisioned or planned which will inevitably happen Most leadership books share ten steps for success five things to never forget and other such formulas Someone who wants to become a great leader must truly understand the psychology and practice of great leadership Leadership ability is obtained by having the necessary psychological makeup knowing ones self love of work honoring others personal sacrifice and having fun in the workplace Ignoring minimizing or mismanaging the human side of management creates suspicion fear and failure in the workplace Take a practical look at leadership from the inside of an organization and discover how to build positive and effective relationships Whether youre a great leader striving to be better someone wanting to be a great leader or an individual seeking to achieve your personal and professional dreams in life you can find the inspiration to accomplish your goals through Exploring Great Leadership
