March 25, 2000

Mr. Nikhil Pandit  
Managing Director  
TGS Tours & Travels Pvt. Ltd.  
M.I. Road, Jaipur

Dear Mr. Pandit:

As the overall Administrative Control Officer for the visit of the President of the United States, I would like to express my appreciation for the outstanding service provided by you and your transportation team. Your staff worked tirelessly in support of President William Clinton's visit to India from March 19-25, 2000. This was the first visit of a U.S. President to India in over 20 years, the demands made on everyone required all staff to show great flexibility and a willingness to help out where and when needed to meet all of the requirements of the visit.

Throughout March as we planned for the visit, carried out the actual visit and then helped to transport members to their planes and truck items back to other locations, we looked to you and your team to coordinate all transportation needs. At the height of the visit, we had over one hundred vehicles under lease. Despite the considerable demands placed on your company and your staff, each request from our team was met with the height of quality service and great flexibility. Each movement requirement was met and all staff were transported successfully.

Once again, I'd like to thank you and your staff for your exemplary service and hope you will pass along to your staff the appreciation of all the delegation for a very productive and pleasant stay here in Jaipur.

Sincerely,

A handwritten signature in blue ink, appearing to read "Chris Runckel".

Christopher W. Runckel  
Overall Administrative Coordinator

From Détente in Europe to European Détente Angela Romano,2009 The Helsinki Conference on Security and Cooperation in Europe CSCE is usually overlooked in the literature on the Cold War and

presented as the seal of détente The Final Act came to be considered as the mere official recognition of the European balance for the sake of a fictitious dialogue and vague statements on the freer circulation of ideas people and information The emerging human rights movements in Eastern Europe then came as the unintentional consequence of a complete diplomatic and political failure It is the opinion of the author that the West neither limited its action to a passive acceptance of a long sponsored Soviet proposal nor sold out half a continent The author carefully traces back the roots of the CSCE and argues that the Helsinki conference was also the result of the development in Western positions and a thoroughly conceived action especially as far as the EC member states were concerned She analyses the internal dynamics of the Western caucus and reveals the divergences on ideas attitudes and goals that emerged between the United States and the European allies In such a connection the author argues that the Hague Summit and the creation of the European Political Cooperation gave a boost to an active role of the EC states and the starting of serious pan European talks The author offers not only a thorough analysis of the Western experience at Helsinki but also new seminal interpretations in the fields of Cold War history transatlantic relations and the history of the European integration By examining and reconciling all these aspects in a common context this book contributes to more complete understanding of both détente and the CSCE
