Dear Mr. Davies:

June 4, 2024

I am writing to express my keen interest in the elementary school paraprofessional position at Dedham Public Schools, as advertised on your careers page. With a strong background in the education industry and a degree in Psychology, I am confident that my addition to the team will be a fruitful one.

My work at Oakdale Elementary School, where I improved the annual student performance by 28% via virtual tutoring on LearnCube, demonstrates my commitment to educational excellence. I was also in charge of assisting 4 disabled students on the academic syllabus.

While working for Greenlodge Elementary School as a primary teacher, I held daily classes with an average of 24 students and leveraged WeTransfer to share all in-class resources across two grades. This allowed students to practice key concepts independently, resulting in an 11% boost in monthly test scores.

Further, my stint at the Riverdale Elementary School included collaborating with multidisciplinary teams to maintain a composed yet fun classroom decorum. By using Dyknow software, I monitored the digital devices of 39 students to minimize distractions during lessons. These initiatives enabled children to engage more in classes and grow the average semester results by 14%.

As someone who understands the psychology of children very well, my experience heavily deals with improving both behavior and academic outcomes—echoing your requirement for guiding young students. I hope to hear a positive response from your end regarding my application.

Sincerely,

Diego Roberts
