

Family Member Character Letter for Court

[Date]

To Whom It May Concern,

Your Honour,

I am writing this letter on behalf of my [Relationship With The Accused], [Name Of the Accused] who is pleading guilty to the charge of [The Accusation].

Everyone in our family was shocked to hear the news. It came as a surprise for all of us that my [Relationship With The Accused] can ever be accused of such an act. He/She has always been very obedient and never caused any trouble that would put our family's name at risk.

[Name Of the Accused] teaches elementary school students every summer and continues to help in all of our social gatherings. He/She loves music and has been playing piano for a couple of years. Everyone in the school and community knows how talented and respected an individual he/she is. [Include Similar Details And Hobbies Of The Person]

Sadly, this year has not been in our favor, as one of our family members got sick. And [Name Of the Accused] has always been close to him. This is why he/she has been very stressed lately. It's not easy to handle a loved one's departure, especially for younger generations. And we believe his/her misconduct may be a result of this trauma.

We assure you that this will be his/her first and last accusation. And we respect the court's decision and believe that this will prove to be a life lesson for him/her.

Because it can affect his/her employment prospects, we request the court to do what's best for a young and talented mind as his.

And if you have any further queries, feel free to contact me anytime.

Sincerely,

[Signature Of The Sender]

Henkin,2008-09-15 Americans commonly recognize television e mail and instant messaging as agents of pervasive cultural change But many of us may not realize that what we now call snail mail was once just as revolutionary As David M Henkin argues in *The Postal Age* a burgeoning postal network initiated major cultural shifts during the nineteenth century laying the foundation for the interconnectedness that now defines our ever evolving world of telecommunications This fascinating history traces these shifts from their beginnings in the mid 1800s when cheaper postage mass literacy and migration combined to make the long established postal service a more integral and viable part of everyday life With such dramatic events as the Civil War and the gold rush underscoring the importance and necessity of the post a surprisingly broad range of Americans male and female black and white native born and immigrant joined this postal network

regularly interacting with distant locales before the existence of telephones or even the widespread use of telegraphy Drawing on original letters and diaries from the period as well as public discussions of the expanding postal system Henkin tells the story of how these Americans adjusted to a new world of long distance correspondence crowded post offices junk mail valentines and dead letters The Postal Age paints a vibrant picture of a society where possibilities proliferated for the kinds of personal and impersonal communications that we often associate with more recent historical periods In doing so it significantly increases our understanding of both antebellum America and our own chapter in the history of communications
