Drake,Eric Hersberg,2006-06-25 State and Society in Conflict analyzes one of the most volatile regions in Latin America the Andean states of Colombia Venezuela Ecuador Peru and Bolivia For the last twenty five years crises in these five Andean countries have endangered Latin America s democracies and strained their relations with the United States As these nations struggle to cope with demands from Washington on security policies emphasizing drugs and terrorism neoliberal economics and democratic politics their resulting domestic travails can be seen in poor economic growth unequal wealth

distribution mounting social unrest and escalating political instability The contributors to this volume examine the histories politics and cultures of the Andean nations and argue that due to their shared history and modern circumstances these countries are suffering a shared crisis of deteriorating relations between state and society that is best understood in regional not purely national terms The results in some cases have been semi authoritarian hybrid regimes that lurch from crisis to crisis often controlled through force though clinging to a notion of democracy The solution to these problems whether through democratic authoritarian peaceful or violent means will have profound implications for the region and its future relations with the world

Product Platform and Product Family Design Timothy W. Simpson,Zahed Siddique,Roger Jianxin Jiao,2006-03-20 Designing products and product families so they may be customized for the global marketplace and achieving these goals in abbreviated time period while maintaining production efficiencies are the keys to successful manufacturing operations The research on these areas has matured rapidly over the last decade Today s highly competitive and volatile marketplace is reshaping the way many companies do business as rapid innovation and mass customization offer a new form of competitive advantage In response companies like Sony Black and Decker and Kodak have successfully implemented strategies to design and develop an entire family of products to satisfy a wide variety of customer requirements Product Platform and Product Family Design Methods and Applications discusses how product platform and product family design can be used successfully to increase variety within a product line shorten manufacturing lead times reduce overall costs within a product line The material available here will serve as both a reference and a hands on guide for practitioners involved in the design planning and production of products Included are real life case studies that explain the benefits of platform based product development

Successful Transformation? Petr Pavlínek, 2008-04-30 I started researching the dramatic changes in the automobile industry of Central and East European countries in the late 1990s My interest grew out of my previous work on the post socialist transformation foreign direct investment and regional economic development While researching the economic and regional development effects of foreign direct investment I was increasingly drawn to the automobile industry because of the speed and depth of its transformation through foreign direct investment and its potentially very significant economic and regional development effects In addition to working on the Central and East European automobile industry as a whole I became interested in detailed case studies of enterprise restructuring as I wanted to understand its complex nature and the role of different actors in the restructuring of the automobile industry In order to achieve this goal I visited dozens of automotive enterprises especially in the Czech Republic Czechia to conduct in depth interviews with key informants I have also interviewed key informants at ministries automotive associations and academia and collected various secondary data and information This book is the outcome of this work In this endeavor I have benefited from various support The University Committee on Research and Creative Activity at the University of Nebraska at Omaha funded three field work sessions in Czechia to conduct interviews and research for this book **Volkswagen - Auf dem Weg zur Weltspitze** Frank O.
