

ESSAY QUESTION 8:

Describe the sights and sounds of the spectators waiting for a much anticipated sporting event at your school.

QUESTION ANALYSIS

Provide a detailed description of what happens in a sporting event. Focus on describing the atmosphere, crowd and athletes. Portray clearly how the crowd cheered on the athletes and how the general mood of the event felt like.

DRAFT PLANNING**DETAILS TO NOTE FOR WRITING THE ESSAY**

	SIGHT	SOUND
Weather	<ul style="list-style-type: none"> Overcast Ominous dark clouds Tenebrous clouds Clear azure blue 	
Atmosphere	<ul style="list-style-type: none"> Charged with electrifying and adrenaline-raged molecules 	<ul style="list-style-type: none"> Uproarious and vivacious cheers
Athletes	<ul style="list-style-type: none"> Jogging around Listening to music to psyche themselves up 	<ul style="list-style-type: none"> Definitive burst of gunshot
Crowd		<ul style="list-style-type: none"> Cheering their hearts out Deafening cheers arising from spirited students
Stadium	<ul style="list-style-type: none"> Smorgasbord of vibrant and giant banners 	

Secondary English Paper

Yi Du

Secondary English Paper:

Teaching Secondary English Daniel Sheridan, 2013-03-07 This new edition of Teaching Secondary English is thoroughly revised but its purpose has not changed Like the popular first edition it balances content knowledge with methodology theory with practice and problem posing with suggested solutions The tone and format are inviting while addressing student readers on a professional level Rather than attempting to cover everything the text provides a framework and materials for teaching a secondary English methods course while allowing considerable choice for the instructor The focus is on teaching literature writing and language the basics of the profession Attention is given to the issues that arise as one seeks to explore what it means to teach English The problems and tensions of becoming a teacher are discussed frankly in a manner that helps students figure out their own attitudes and solutions Features Focuses on a few central concepts in the teaching of secondary English Provides an anthology of 22 readable and challenging essays on key topics allowing students to hear a variety of voices and opinions Includes an applications section for each reading that extends the discussion and asks students to explore problems and grapple with important issues related to the articles Offers short writing assignments in questions that follow the readings and in brief writing tasks in the applications and a longer writing assignment at the end of each chapter Addresses student readers directly without talking down to them New in the Second Edition This edition is shorter tighter and easier to use The opening and concluding chapters more directly address the concerns of new teachers The anthology is substantially updated of the 22 articles included 14 are new to this edition Each essay is preceded by a brief introduction and followed by questions for further thought There are fewer applications but these are more extensive and more fully integrated within the text A writing assignment is provided at the end of each chapter Interviews with college students before and after student teaching are included in Chapters 1 and 6 The bibliographies at the end of each chapter are fully updated

English Mark Chatterton, 2001 *Teaching Secondary English* Mark Pike, 2003-10-30 What the book does extremely well is do describe the way things are in terms of the requirements of the Framework for Teaching English the curriculum and the new specifications and for this reason it is likely to be most useful to those contemplating English teaching in the maintained sector from outside returnees aspiring NQTs or those in the independent sector Times Educational Supplement Instead of taking us yet again on a tour through the four modalities of English this book's tripartite structure takes a refreshingly different approach by offering thought provoking argument grounded in classroom practicality Nick McGuinn University of York Students comments on Teaching Secondary English The book is written in clear digestible terms offering many practical ideas for teaching the key skills and the wide range of material encountered in the English classroom It is the kind of book which can be dipped into which is particularly useful for people who spend most of their time planning lessons Teaching Secondary English is a must for student teachers and NQTs It is a clear comprehensive and practical guidebook dealing not solely with theory and pedagogy but with the very

real issues facing new teachers today It is clear that Teaching Secondary English unlike so many textbooks on the subject is written by someone with recent classroom experience and this helps the reader to trust and respect the advice it purports I certainly feel it is grounded in practicalities not pie in the sky theory that will not work in most real classrooms This book enables English teachers to implement change and rise to new challenges while remaining true to an ethically and socially just position which provides the rationale for their vocation The author describes and evaluates recent changes to English teaching brought about by initiatives such as the Literacy Strategy the new A levels and the requirement to focus on spiritual moral social and cultural development Examples of innovative teaching and learning strategies are provided throughout The author helps teachers to foster keen readers writers and communicators He shows how they can enable their students to acquire skills and knowledge as well as to recognize the value of aesthetic experience emotional literacy and spiritual and moral response to literature in their own lives and in their communities This book is essential reading for PGCE students as well as practising teachers and all those involved in English in education

English Teaching in the Secondary School Mike Fleming, David Stevens, 2009-12-04 A comprehensive guide to the theory and practice of teaching English in secondary schools

Inciting Change in Secondary English Language Programs M. Coles-Ritchie, 2009-08-31 This book follows a group of teachers who worked to create a program that supported their students native languages and funds of knowledge finding that structures within the school and discourses from other teachers administrators and the nation community both constrained enabled the teachers to create an equitable learning environment

Teaching About Dialect Variations and Language in Secondary English Classrooms Michelle D. Devereaux, 2014-10-17 Standardized tests demand Standard English but secondary students grades 6 12 come to school speaking a variety of dialects and languages thus creating a conflict between students language of nurture and the expectations of school The purpose of this text is twofold to explain and illustrate how language varieties function in the classroom and in students lives and to detail linguistically informed instructional strategies Through anecdotes from the classroom lesson plans and accessible narrative it introduces theory and clearly builds the bridge to daily classroom practices that respect students language varieties and use those varieties as strengths upon which secondary English teachers can build The book explains how to teach about language variations and ideologies in the classroom uses typically taught texts as models for exploring how power society and identity interact with language literature and students lives connects the Common Core State Standards to the concepts presented and offers strategies to teach the sense and structure of Standard English and other language variations so that all students may add Standard English to their linguistic toolboxes

The Art of Teaching Secondary English Nicholas McGuinn, David Stevens, 2004-05-27 The Art of Teaching Secondary English is a practical and accessible resource for everyone involved in English teaching including teachers and student teachers of English Jacket
