Rockefeller, 2015-11-24 The relationship between a child and parent is without a doubt a very private and personal matter The idea of giving parents instructions on how to talk with their kids

never sits right However parents should understand that the more they talk about things the more comfortable it will be for them Why not talk with kids in order to make them listen to you and why not listen to kids to make them talk The way parents talk to their kids has a huge impact on their ability to learn and listen Parents need to understand that they are constant examples to their kids on how to behave and act and talking to them fits perfectly in this matter Normally there are 3 different ways parents communicate with their kids and the first one is the aggressive way This usually involves yelling and putting their kids down by using attacking words This can make children to respond in several ways mainly through acting out ignoring the parent s order yelling back or feeling very fearful The second communication form is commonly seen in passive form Parent who fall under this category mutter softly use very cautious tones and words and even will just walk over their children when they find them fighting Unfortunately when the time comes that they re pushed to their limits they will suddenly burst and eventually turn into an aggressive communication tone The last and the third way that parents use to communicate with their children is the assertive way So far this is the most perfect way to communicate with kids at all time and levels Assertive communication is firm confident warm positive clear and consistent Assertive communication with kids is a skill and it shows to kids that dad and mom know what they are about to say and will make them eventually listen It s also very important for parents to understand that the importance of making their children listen to them is as equal as listening to them In this book parents will learn how to communicate with their kids in the most effective ways in order to make them listen and communicate effectively Also included in this book are the ways to help children deal with their feelings engage in cooperation effective and best alternatives to punishments how to encourage autonomy in children how to praise them and many other things that will make the parent and child relationship even better and closer A parent should understand what is written in this book for a much better parenting experience

Playground For Talking Heads Frederic Colier, 2013-04-04 The Playground is the Thing Why did you bring me here To a place like this asks the bewildered Kate while trapped in the conceptual hopscotch of Frederic Colier s relentless imagination As moral outrage resurfaces in our overtly self conscious Look Forward In Angst generation it becomes apparent that our intellectual community is in dire need of a playground more specifically Colier s Playground For Talking Heads Recently published by Luminous Press this collection of 5 one act plays comes complete with a merry go round of power games a playing field of characters and concepts and a sea saw teetering between inter personal conflict and social issues As an oasis of bold insight amidst a theatrical landscape that is otherwise replete in PC rhetoric strewn with stylistic devices and littered with oblique references Playground proves an indispensable resource It is a fertile world of human transformation a tersely dramatic cluster of social concerns peopled by fragmented lives In short the sensibility of Playground manages to resurrect the dramatic play till it resounds with its original verb like connotation From the Lanford Wilson like monologue of Firedamp where a character s futile desperation surfaces as he tries to cajole his supposedly

apathetic partner into leaving with him only to discover that it is he himself who has been left behind to the darkly David Rabe like torments of Heartbreak Tango replete in lines like You thought you were so clever telling me about your childhood memories hoping I d reveal something about mine I knew right away what you were up to with your little regrets Colier s aper us resonate with contemporary malaise His is a sandbox where domestic violence has global repercussions where minor fetishes each have their grand counterparts As the mother in Sharing Circle succinctly notes I wouldn t let him your father touch me to act out his rage That s why he built this empire And this is why I have to sell it Like Bernard Marie Koltes who employed theatre as a forum for cross cultural exploration Colier follows a minor character from his own Heartbreak Tango and delivers us into the idiosyncratic realm of The Undertaking a play where an otherwise archetypal hooker swings airborne in effortless repartees like What keeps petty criminals petty is their guilt This while The Proposal enlists characters ordinarily found in an Ayckbourn comedy to slide down the slippery length of a horror genre s plot line If the anti thriller twist at the end is indicative of anything it is not so much that our society shies away from visceral forms of evil but that each of our urbane maneuver s to sublimate our tendencies becomes an atrocity in its own right But whether the reluctantly optimistic inhabitants that slide swing and jump rope through Fredric Colier s mind remind one of characters by Eugene O Neill Ariel Dorfman or even novelist Martin Amis is not the issue Instead it is their respective worldview that matters that eclectic playground that each of them forms in his head Though one of the character s says My perfect ending is everyone s perfect ending it is obvious that for Colier this collection is no more than a creative career s perfect continuation As uncluttered spots from which to view the rest of our society are concerned Playground for Talking Heads is bound to have heads both talking and turning for a very long while
