Annual Report United States. Farm Credit Administration,1984 *Annual Report of the Farm Credit Administration*
United States. Farm Credit Administration,1984 **Handbook of Research Methods in Corporate Social Responsibility** David Crowther,Linne Lauesen,2017-12-29 Corporate social responsibility now touches upon most aspects of the interaction between business and society The approaches taken to research in this area are as varied as the topics that are researched yet this is the first book to address the whole range of methods available The book identifies the methods available evaluates their use and discusses the circumstances in which they might be appropriate It also includes forward thinking guidance from experienced academics on the future directions of research in the area *Catalogue of the library of the Massachusetts historical society* John Appleton (M.D.),1859 *Managing the "matchless Wonders"* Kiki Leigh Rydell,Mary Shivers Culpin,2006 **Nature's Army** Harvey Meyerson,2020-04-15 Blessings on Uncle Sam s soldiers They have done their job well and every pine tree is waving its arms for joy John Muir Muir s words and this book both celebrate a crucial but largely forgotten episode in our nation s history how a generation prior to the creation of a National Park Service the US Army ran Yosemite National Park in an unusual alliance with the fabled preservationist John Muir and his Sierra Club Harvey Meyerson brings that largely forgotten episode in our nation s history to life and uses it as a touchstone for a reconsideration of a century of civilian military cooperation in environmental protection and infrastructure construction whose impact and relevance still resonate Despite the worldwide renown and popularity of Yosemite National Park few people know that its first stewards were drawn from the so called Old Army From 1890 until the establishment of the National Park Service in 1916 these soldiers proved to be extremely competent and farsighted wilderness managers Meyerson recaptures the forgotten history of these early environmentalists and how they set significant standards for the future oversight of our national parks The army Meyerson suggests had actually been well prepared to assume this stewardship During its first hundred years and despite the interruptions of warfare its soldiers had crisscrossed the American landscape preparing maps and writing detailed reports describing climate weather physical terrain ecosystems and the diverse flora and fauna populating the lands they explored and often protected during an era of wide open exploitation of natural resources Such experience made the army better suited than any other federal agency to oversee the early national parks system Combining environmental military political and cultural history Meyerson s study is especially timely in light of Yosemite s enormous popularity four million visitors annually and recent controversies pitting conservation forces against dam builders and proponents of expanded public access *Factories and Workshops. Annual Report of the Chief Inspector of Factories and Workshops* Great Britain. HM Factory Inspectorate,1899 *Catalogue of the Library. (Prepared by John Appleton.).* Massachusetts Historical Society (BOSTON, Massachusetts). Library,1859 *Christian Sisterhood, Race Relations, and the YWCA, 1906-46* Nancy Marie Robertson,2007 As the major national biracial women s organization the

Young Women's Christian Association (YWCA) provided a unique venue for women to respond to American race relations during the first half of the twentieth century. In *Christian Sisterhood Race Relations* and the YWCA 1906-46, Nancy Marie Robertson shows how women of both races employed different understandings of Christian sisterhood in their responses. Although the YWCA was segregated at the local level, African American women were able to effectively challenge white women over YWCA racial policies and practices. Robertson argues that from 1906 through 1946, many white women in the association went from seeing segregation as compatible with Christianity and democracy to regarding it as a contradiction of those values. These struggles laid the groundwork for the subsequent civil rights movement. Her analysis relies not only on a large body of records documenting YWCA women at the national and local levels but also on autobiographical accounts and personal papers from women associated with the YWCA, including Dorothy Height, Lugenia Burns Hope, Alice Dunbar Nelson, Abby Aldrich Rockefeller, and Lillian Smith. A volume in the series *Women in American History*, edited by Anne Firor Scott, Susan Armitage, Susan K. Cahn, and Deborah Gray White. **Catalogue of the Library of the Massachusetts Historical Society**, Massachusetts Historical Society, Library, 1859. *House documents*, 1889. **The Young Adult Hip in Sport**, Fares S. Haddad, 2013-12-03. This book focuses on the problems seen in the adult hip in sport, including pre-arthritic, inflammatory, non-inflammatory, and degenerative causes of hip pain. It particularly focuses on our rapidly evolving understanding and treatment of joint-preserving surgery. In this book, experts in the field discuss the anatomy, diagnosis, investigation, and pathophysiology of young adult hip disease, with a particular focus on the sporting population. Sports Medicine is now a specialty in its own right. Worldwide hip and groin pain in elite sport is an unresolved issue. This is an area that has expanded dramatically in the last 5 years, and hip arthroscopy as a procedure has arrived in a big way, with numbers increasing exponentially and the inception of the ISHA (International Society for Hip Arthroscopy).
