Objective Of Plant Life In Eyfs:

The Project Approach in Early Years Provision Marianne Sargent,2014-01-07 The Project Approach in Early Years Provision is designed to help early years students practitioners and managers understand and manage project work with young children The project approach is designed to enable early educators to ensure young children are learning in the best possible way by providing motivating learning opportunities Put the project approach into practice using the included resources with adaptable and printable planning and observation forms Link the approach to the requirements of all four British early years curricula Develop children s personal and social skills by encouraging collaboration with others Provide a meaningful context for children to practice their literacy and numeracy skills Promote sustained shared thinking by facilitating projects that involve children in active investigation discussion and debate Give each child the freedom to learn according to their individual needs interests aptitudes and abilities *How to Lead It: Primary Science* Kirsty Simkin,2025-08-14 Finding it hard to know what to prioritise as subject lead or how to work out which research is relevant and how it applies to your subject The How to Lead It series are the go to guides for primary subject leads in schools and trusts In them you will find clear summaries of relevant research and thinking around best practice age specific and inclusive classroom examples case studies reflective questions suggestions for short PD sessions with colleagues Everything in the book is applied thoughtfully to your specific subject area These books enable busy subject leaders to confidently make good decisions for effective teaching and impactful curricula All the key elements of the primary science curriculum are explored including curriculum planning assessment modelling engagement practical science and dialogue as well as support on how to approach research and a step by step guide to implementing changes in realistic and inclusive ways *Creative Development* Jane Johnston,Kathleen Taylor,Lindy Nahmad-Williams,2011-01-13 A complete guide to supporting physical development in the Early Years Foundation Stage EYFS promoting a holistic approach and drawing on examples of good practice *Teaching Climate Change and Sustainability in the Primary Curriculum* Karin Doull,Susan Ogier,2023-11-18 The first aim of the DfE s 2022 Strategy for Sustainability and Climate Change is to prepare all young people for a world impacted by climate change through learning and practical experience This practical text for new teachers empowers them to develop their knowledge and understanding of climate change and sustainability It supports them to develop confidence in discussing difficult themes and to create safe learning spaces that allow children to articulate concerns The book provides a structure for learning and teaching about climate change and sustainability across the primary curriculum All chapters are linked to relevant and authentic research and include suggestions for practical activities *Teaching the Arts in the Primary Curriculum* Susan Ogier,Suzy Tutchell,2021-05-12 Learning in the arts does not fit in with simple conventional methodologies for teaching and assessing in the traditional sense but it has an immense power to transform children s understanding of the world around them and their lives Many jobs currently and of the future will demand the skills that learning in the arts will

develop This book brings Arts Education sharply into focus as a meaningful learning experience for children of pre school and primary age 3 11 years It reinforces the potential for the wide range of physical mental and emotional development through learning opportunities that engagement in arts practice facilitates Provides insight into how teachers can support children to consider contemporary challenges that face their generation Includes expert voices from the world of education to demonstrate an expansive and perhaps surprising view of where and how the Arts can be found Shows how we can bring the arts so easily into our curriculum and into our classrooms Plant Life Theresa Greenaway,2000 The Cycles in Nature series explores some of the continuous cycles that are happening in nature from the most familiar to the most hidden links Readers can discover the different habitats shared by plants and animals and how they depend on each other for survival often specially adapted to their environment Each title looks at the way human action disrupts natural cycles and what can be done to protect them There is project work throughout and curriculum support for KS2 science using a hands on approach life processes green plants as organisms living things in their environments and materials and their properties
