A Body of Practical Divinity Thomas Watson, 1692 *Birth in Kabbalah and Psychoanalysis* Ruth Kara-Ivanov Kaniel, 2022-07-05 Birth in Kabbalah and Psychoanalysis examines the centrality of birth in Jewish literature gender theory and psychoanalysis thus challenging the centrality of death in Western culture and existential philosophy In this groundbreaking study Ruth Kara Ivanov Kaniel discuss similarities between Biblical Midrashic Kabbalistic and Hasidic perceptions of birth as well as its place in contemporary cultural and psychoanalytic discourse In addition this study shows how birth functions as a vital metaphor that has been foundational to art philosophy religion and literature Medieval Kabbalistic literature compared human birth to divine emanation and presented human sexuality and procreation as a reflection of the sefirotic structure of the Godhead an attempt Kaniel claims to marginalize the fear of death by linking the humane and divine acts of birth This book sheds new light on the image of God as the Great Mother and the crucial role of the Shekhinah as a cosmic womb Birth in Kabbalah and Psychoanalysis won the Gorgias Prize and garnered significant appreciation from psychoanalytic therapists in clinical practice dealing with birth trauma postpartum depression and in early infancy distress

African Philosophy and the Quest for Autonomy Leonhard Praeg, 2022-06-08 As academic subject African philosophy is predominantly concerned with epistemology It aims at re-presenting a lost body of authentic African thought This apparently austere a historical concern is framed by a grand narrative of liberation that cannot but politicise the quest for epistemological autonomy By politicise I mean that the desire to recover an authentic African epistemology in order to establish African philosophy as autonomous subject ironically re-iterates Western enlightenment notions of the autonomous subject Here in the pursuit of an autonomous subject the terms of historical oppression are necessarily duplicated in the terms of liberation In this study I use the term disfigurement to refer to the double bind peculiar to post coloniality in which the African subject finds itself when it has to establish and affirm a sense of apartheid in order to confirm the assumption of difference by inventing its own autonomy in a way that ironically conflicts with an African conception of the autonomous subject The transcendental concern with epistemological authenticity and autonomy indicative of an oppressive desire for Western style autonomy necessary as it may be in a post colonial context is placed in an ethical framework that seeks to remain faithful to the African dictum of identity and autonomy I am because we are Whereas the first three chapters are concerned with the transcendental question what is African philosophy the fourth and last chapter situates the ethical framework within which this question arises in the context of the recently completed South African Truth and Reconciliation Commission

Public Discourse in America Judith Rodin, Stephen P. Steinberg, 2011-04-07 A distinguished group of scholars and prominent figures here offers thoughtful new perspectives on the tenor and conduct of public life in contemporary America Originating in a shared concern that our civic culture was becoming coarser and more polarized *Public Discourse in America* provides a critical corrective to this widespread misperception about declining civility in public culture and the ways we as citizens negotiate our differences Together these essays explore the current condition and centrality of public discourse in our democracy investigating how it has changed through our history and whether it fails to approach our widely held but often unarticulated ideal of reasoned and reasonable public deliberation Contributors consider whether rationality is really the best standard for public discussion and argument and isolate the features and principles that would characterize a truly exemplary more productive public discourse at the beginning of the twenty first century They investigate why public conversations work when they work well and why they

often fail when we need them the most as in our nation's so often aborted national conversation on race Taking a comprehensive look at institutional and leadership practices in recent public debates over a variety of hot button public policy issues *Public Discourse in America* outlines how such conversations can be used to reintegrate our fragmented communities and bridge barriers of difference and hostility among communities and individuals These essays speak to urgent and perennial questions about the nature of American society the responsibilities of leaders the rules of democracy and the role of public culture in times of crisis conflict and rapid change *Public Discourse in America* originated in the work of the Penn National Commission on Society Culture and Community convened in 1996 by Judith Rodin President of the University of Pennsylvania Distinguished members of the Commission leading experts commissioned researchers and leaders in America's nascent public discourse movement offer unexpected insights and an optimistic vision of the health of our politics and culture Readers of all political persuasions from the halls of political power to the streets of urban neighborhoods from newsrooms and studios to think tanks and universities will find these essays opening up new paths to robust public discussion more engaged citizenship and stronger communities Contributors include Joyce Appleby Thomas Bender Derek Bok Alex Boraine Graham G Dodds Christopher Edley Jr Drew Gilpin Faust Neal Gabler Richard Lapchick Don M Randel Richard Rodriguez Jay Rosen David M Ryfe Michael Schudson Neil Smelser and Robert H Wiebe *The Doctrine of Jesus Christ* Thomas F. Torrance, 2001-08-22 *The Book of Joshua* F. R. Fay, George Ripley Bliss, 2024-03-18 Reprint of the original first published in 1875
