*Interpreters* Michael Avioz, 2005 This book offers a new analysis of Nathan s Oracle in 2 Samuel 7 and its echoes in the books of Samuel Kings and Chronicles First it deals separately with the main issues raised in 2 Samuel 7 the disqualification of David as temple builder and the nature of the Divine promise made to him that the House of David will rule forever In dealing with both elements similar texts from the Ancient Near East are consulted After a thorough analysis of these two elements an intertextual study is offered in which the allusions to Nathan s Oracle in the Books Samuel Kings and Chronicles are

discussed The purpose is to define the various functions of these allusions or echoes This evaluation takes into account the changing circumstances of the Davidic dynasty as well as the different agendas of the books in which Nathan s Oracle is incorporated in **Bees, Wasps, and Weasels** Blaženka Scheuer,2023-07-25 In this book Bla enka Scheuer explores the zoomorphic content of Zibburta bee wasp and Karku ta weasel demeaning names given by R Na man of b Meg 14b to Deborah and Huldah two distinguished prophets of the Hebrew Bible Looking closely at relevant texts she explores ancient beliefs about bees wasps and weasels recounting a variety of key literary and visual motifs that highlight the different attributes of these animals Scheuer demonstrates the multiple ways in which zoomorphic images were used as interpretative keys both in the formation of Deborah and Huldah stories in the Hebrew Bible and in their subsequent versions In a constant process of interaction with their cultural contexts such zoomorphism represents an attempt to define the rabbinic beliefs about the role of women in Jewish tradition but also about the nature of God Scheuer argues that the symbolic association of bees and weasels with asexual conception and birth also made the zoomorphic slurs about Deborah and Huldah effective as an argument against the doctrine of virgin birth in early Christianity Emphasizing the foundational process of constant negotiation of traditions and textual interpretations Scheuer exposes the culturally rich and religiously competitive world in which the biblical texts were transmitted **The Royal Television Society Journal** ,1984
