

# SPONSORSHIP REQUEST LETTER

Date: 12-11-2015

To,  
Jack Dolson  
1775 Washington Street  
Halifax MA 8745

Dear Jack Dolson,

As you know that we run a Non-governmental Organization in our University campus, called ABC. Our team is teaching kids from age 4 years to 18 years, living in slum areas nearby, for the last 6 years and it is going really well. From this year, we have decided that we will send some of our really fine kids to school for formal education. Some of our kids are already studying in nearby public schools.

For this purpose, we are looking for people we know to sponsor at least one child and support them and us. To send one kid to a Private school, an estimated cost per student is \$ X and an original copy of expected expenses has been attached here in this mail. If there is any query, we would love to answer any of them and can even meet in person.

Your little contribution and support can totally change the lives of many kids. We request you to please put some thoughts and kindly revert. We really hope to hear from you.

Thanking you.

With Regards,  
Micky Donald,  
Team leader

*Change a Life, Change your Own* Peter Ove,2018-06-11T00:00:00Z Change a Life Change Your Own is a long overdue adult discussion about how child sponsorship a spectacularly successful fundraising tool infantilizes both donor and recipient turning good intentions into paternalism and reinforcing stereotypical Western ideas about helplessness and hopelessness in developing countries Ian Smillie author of The Charity of Nations Freedom from Want and Diamonds Change a Life Change Your Own For less than a dollar a day For the cost of one coffee a day With these slogans and their accompanying images of poor children some of the world s largest development organizations invite the global North to engage in one of their most prominent and successful fundraising techniques child sponsorship But as Peter Ove argues in Change a Life Change Your Own child sponsorship is successful not because it addresses the needs of poor children but because it helps position what it means to live ethically in an unequal and unjust world In this way child sponsorship is seen as more than an effective marketing tool it is a powerful mechanism for spreading particular ideas about the global South the global North and the relationship between the two

Through sponsorship the desire to raise money secure appropriate childhoods and become better people ends up taking priority over the goal of living together well on a global scale Drawing on in depth interviews with child sponsors and sponsorship staff Change a Life Change Your Own explores the contexts in which sponsorship promotional material is produced interpreted and acted upon This is not an expos on the use of sponsorship dollars or high administrative costs it is a clearly written and compelling account of how the problem of development is constructed such that child sponsorship is seen to be a rational and ethical solution Essential Principles for Fundraising Success G.
