Dresser, 2009-08 Purchase of this book includes free trial access to [www.millionbooks.com](#) where you can read more than a million books for free This is an OCR edition with typos Excerpt from book CHAPTER III THE SECRET OF ADJUSTMENT SOCRATES declared that his work in life was to help the growing mind to express its ideas By skilful questioning he first learned his pupil's point of view then by raising equally skilful objections he compelled the young

mind to defend itself and so deliver its full message Thus was born into full life among the Greeks the method which is now the pride of what we call the New Education And thus was outlined a philosophy which Henry Ward Beecher summarised in these words Find out the way God is going and then go in that way The best thought of our time recognises this philosophy as the essence of wisdom in all our relations with life The fundamental fact about the universe is that God is resident in it forwarding its evolution The fundamental fact in regard to human life is that the soul is immanent in it demanding expression All philosophical and practical endeavour must take account of the fact that the conditions which enable God and the soul to come forth are secondary in importance God and the soul stand first The adjustment is not to the rhythm of the external or educational process but to the power within the quickening life which attracts the conditions essential to evolution God is to be judged not by the passing event which may inadequately reveal him but by what he is making of and through the universe during all the ages The soul cannot be truly understood by this or that deed alone which may even misrepresent the true man but by its life as a whole when seen from the point of view of motive individuality The outward expression must ever be imperfect since the soul unceasingly presses forward The real is what man would be The actual is apparent only and like all appearances is partial

The Book of Secrets Marion Buhagiar, 2000 **The Secret of Secrets (Unabridged Edition)** Uell Stanley Andersen, 2022 What is this Secret And how can one discover what it is and learn to use it U S Andersen calls it THE SECRET OF SECRETS because strangely enough it is within each man and yet can set him free It is a secret that is making itself known over the face of the earth It has become the common meeting ground of all religions Sri Aurobindo says It is the one secure and all reconciling truth which is the very foundation of the universe It is this truth and its application to your own life that is the theme of THE SECRET OF SECRETS There is in man below the level of his consciousness a vaster mind a mind of enormous power and knowledge a mind universal in scope common to all men but exclusive to none U S Andersen furnishes ample proof that this mind exists and that you can tap it Wise men have learned that the human mind is a magnificent machine with an infinite reservoir of power still untapped by the mass of men The magic moment when you learn to link with this power is the moment when the secret of abundance becomes yours the spiritual equivalent of having a money tree in your own back yard
