People, Planet, and Progress Beyond 2015, 2016-12-15 Second in the series of TERI's annual flagship publication on global sustainable development People Planet and Progress Beyond 2015 examines six critical issues of the Planet: climate change, ozone layer depletion, loss of biodiversity, desertification, unsustainable use of natural resources, and environmental pollution; and six crucial issues of the People: food security and safety, health and well-being, education and learning, sustainable habitat, energy for all, and social justice and equity. It reviews the progress made by various regions and countries of the world on each of these issues and analyses the challenges and opportunities ahead, particularly in the contexts of post-2015 global development agendas ushered by the Paris Climate Agreement, UN Sustainable Development Goals, and Sendai Framework for Disaster Risk Reduction. The analysis is supported by primary data from authentic sources on a wide range of indicators that make the volume an invaluable resource material on contemporary discourses on global development.
