Von Krafft-Ebing,2015-06-02 Excerpt from Psychopathia Sexualis With Especial Reference to the Antipathic Sexual Instinct Very few ever fully appreciate the powerful influence which sexuality exercises over feeling thought and conduct both in the individual and in society Schiller in his poem Die Weltweisen recognizes it with the words Einstweilen bis den Bau der Welt Philosophie zusammenhalt Erhalt sie das Getriebe Durch Hunger und durch Liebe It is remarkable that the sexual life has received but a very subordinate consideration on the part of philosophers Schopenhauer The World as Will and Idea thought it strange that love had been thus far a subject for the poet alone and that with the exception of superficial treatment by Plato Rousseau and Kant it had been foreign to philosophers What Schopenhauer and after him the Philosopher of the Unconscious E v Hartmann philosophized concerning the sexual relations is so imperfect and in its consequences so distasteful that aside from the treatment in the works of Michelet L amour and Mantegazza Physiology of Love which are to be considered more as brilliant discussions than as scientific treatises the empirical psychology and metaphysics of the sexual side of human existence rest upon a foundation which is scientifically almost puerile The poets may be better psychologists than the psychologists and philosophers but they are men of feeling rather than of understanding and at least one sided in their consideration of the subject They cannot see the deep shadow behind the light and sunny warmth of that from which they draw their inspiration About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Psychopathia Sexualis, with Especial Reference to Contrary Sexual Instinct.
