advances in the understanding of the etiology diagnosis and treatment of psychiatric disorders as well as the positive transformational change that has taken place in the field of psychiatry **Evolving properties of intellectual capitalism** Ove Granstrand,2018 Intellectual capitalism is evolving driving and driven by technological innovations and various forms of entrepreneurship The purpose of this eagerly anticipated book is to analyze the linkages between R D patents innovations entrepreneurship and growth Based on a large array of national empirical and policy studies it elaborates on a comprehensive range of innovation and IP issues that are pertinent not only to Europe but to the world as a whole These issues include the role of patents and licensing in the governance of technology and innovation and the various uses and

abuses of patents It further elaborates on new IP phenomena in an increasingly patent intensive world with patent rich multinationals and patent savvy new entrants from Asia In a world facing challenges that call for innovative responses the book contains a set of valuable policy recommendations for strengthening innovativeness for economic growth and ultimately for social value creation **Building an Inclusive Mexico Policies and Good Governance for Gender Equality**

OECD,2017-01-10 This review looks at gender equality in Mexico examining what advancement has already been made and exploring what needs to be done to close existing gender gaps in political social and economic life and promote real social change *OECD Economic Surveys: Brazil 2015* OECD,2015-11-04 This 2015 OECD Economic Survey of Brazil examines

recent economic developments policies and prospects The special chapters cover Strengthening the industrial sector and Improving health policies **OECD Handbook on Measuring the Space Economy, 2nd Edition** OECD,2022-07-12 Much

has changed in the space economy over the past decade with an ever growing number of countries and business enterprises involved in space activities Despite progress made in the quality and availability of data the international comparability of space economy statistics remains limited **OECD Economic Surveys: Egypt 2024** OECD,2024-02-23 Growth has held up

better in Egypt than in neighbouring countries until recently but inflation has reached very high levels and financing conditions have tightened along with foreign currency shortages In this context Egypt is stepping up economic reform efforts

The American Psychiatric Association Publishing Textbook of Psychopharmacology, Sixth Edition Alan F. Schatzberg, M.D., Charles B. Nemeroff, M.D., Ph.D., 2024-03-22 More than 160 authors including more than 75 new contributors lent their expertise to this sixth edition of The American Psychiatric Association Publishing Textbook of Psychopharmacology Featuring 12 all new chapters and fully aligned with the revised DSM 5 TR classification this two volume text offers an unrivaled in depth look at the rapidly evolving field of neuropsychopharmacology The opening chapters provide a whirlwind tour of the multiple disciplines that undergird the chapters to come with topics extending from the principles of molecular biology and genomics to the rudiments of neuroimaging and personalized medicine in psychiatry The main body of the Textbook features an examination of the medication classes that form the basis of psychopharmacological treatment For each drug within a class data are reviewed on history and discovery preclinical and clinical pharmacology pharmacokinetic parameters mechanism of action indications and efficacy side effects and toxicology and drug drug interactions The Textbook s second volume focuses on psychopharmacological approaches to treatment of patients with major psychiatric disorders e g mood and anxiety disorders schizophrenia substance use disorders as well as patients in specific populations e g adults with ADHD pediatric patients For each specific condition patient population or setting chapters provide guidance on topics such as medication selection combination and maintenance dosing regimens side effect monitoring and management and optimization of treatment response Closing this volume is an Appendix of Psychiatric Medications with key information on each of the agents covered in the Textbook presented in a convenient tabular format Noteworthy additions to this textbook

include chapters addressing the following topics The potential roles of personalized medicine in psychiatry and of artificial intelligence and machine learning in psychopharmacology New medications with novel pharmacological mechanisms including the neurosteroid antidepressant brexanolone and the atypical antipsychotic pimavanserin Use of investigational agents such as psychedelics in psychiatric treatment Treatment of alcohol use disorder PTSD OCD and autism spectrum disorder Treatment of ADHD in adults Treatment of women in all life phases including during pregnancy and the postpartum period Treatment of individuals with intellectual developmental disorder With a level of detail not found in any other source this new edition of The American Psychiatric Association Publishing Textbook of Psychopharmacology illuminates the path to effective evidence based practice of psychopharmacology for novice and seasoned clinicians alike **OECD Science, Technology and Industry Scoreboard 2017 The digital transformation** OECD,2017-11-22 With some 200 indicators the 2017 edition of the OECD Science Technology and Industry STI Scoreboard shows how the digital transformation affects science innovation the economy and the way people work and live *The Digitalisation of Science, Technology and Innovation Key Developments and Policies* OECD,2020-02-11 This report examines digitalisation s effects on science technology and innovation and the associated consequences for policy In varied and far reaching ways digital technologies are changing how scientists work collaborate and publish **Innovation for the Masses** Neil Lee,2024-01-09 An engaging solutions oriented look at how cities and nations can better navigate issues of innovation and inequality From San Francisco to Shanghai many of the world s most innovative places are highly unequal with the benefits going to a small few Rather than simply asking how we can create more high tech cities and nations Innovation for the Masses focuses on places that manage to foster innovation while also delivering the benefits more widely and equally In this book economist Neil Lee draws on case studies of Taiwan Sweden Austria and Switzerland to set out how innovation can be successfully balanced toward equity As high tech economies around the world suffer from polarized labor markets and political realities that lock in these problems this book looks beyond the United States to other models of distributing a leading edge economy Lee emphasizes the active role of the state in creating frameworks to ensure that benefits are broadly shared and he reveals that strong policies for innovation and shared prosperity are mutually reinforcing Ultimately Innovation for the Masses provides a vital window into alternative models that prioritize equity the roadblocks these models present and what other countries can learn from them going forward **A missing link in the analysis of global value chains: cross-border flows of intangible assets, taxation and related measurement implications** World Intellectual Property Organization,Thomas S. Neubig,Sacha Wunsch-Vincent,2017 Understanding cross border flows of disembodied knowledge often associated with intellectual property IP is essential to analyzing how modern economies operate This paper documents how available data to document these IP flows are distorted by various factors including tax planning by multinational enterprises It finds that tax induced mismeasurement could be more than 35% and greater for individual countries particularly high tax rate countries
