another reason for people to like me Much later I realized that many people leave you regardless and the only person that is not temporary in your life is you I wrote this book so you know that you are not alone I still find comfort in that darkness and you can too Something that has never left me is words These are mine Even though so many people now don't have a voice I am trying to speak up because for so many years I couldn't I was shunned by society and by the people around me I tried to scream but nothing would come out just silence For a long time I've been trapped in my silence This is why I'm always speaking so people don't get bored I'm here to break that silence because we all have voices and opinions and things to say The world is as you see it Events are as you take them and life is as you make of it Live your life and feel what you feel Don't think you can't be sad You can I don't like it when people tell me to be happy It's not always possible Worry cry laugh love and most importantly live
