Dyer, 2015-02-24 For many years Dr. Wayne W. Dyer's fans have wondered when he would write a memoir. Well, after four decades as a teacher of self-empowerment and the best-selling author of more than 40 books, Wayne has finally done just that. However, he has written it in a way that only he can, with a remarkable take-home message for his longtime followers and new readers alike, and the result is an exciting new twist on the old format. Rather than a plain old memoir, Wayne has gathered together quantum-moment recollections. In this revealing and engaging book, Wayne shares dozens of events from his life from the time he was a little boy in Detroit up to present day. In unflinching detail, he relates his vivid impressions of encountering many forks in the road, taking readers with him into these formative experiences. Yet then he views the events from his current perspective, noting what lessons he ultimately learned, as well as how he has made the resulting wisdom available to millions via his lifelong dedication to service. As a reader, you will feel as if you are right there with Wayne, perusing his personal photo album and hearing about his family, his time in the service, how he writes his best-selling books, and so much more. In the process, you'll be inspired to look back at your own life to see how everything you have experienced has led you to where you are right now. Wayne has discovered that there are no accidents. Although we may not be aware of who or what is moving the chess pieces, life has a purpose, and each step of our journey has something to teach us. As he says, "I wasn't aware of all of the future implications that these early experiences were to offer me. Now, from a position of being able to see much more clearly, I know that every single encounter, every challenge, and every situation are all spectacular threads in the tapestry that represents and defines my life, and I am deeply grateful for all of it." *I Can See Clearly Now* is an intimate look at an amazing teacher, but it also holds the key for seekers on a personal path of enlightenment. Wayne offers up his own life as an example of how we can all recognize the hand of the Divine steering our individual courses, helping us accomplish the mission we came here to fulfill. *Live for Today!* Robert Montague, 2009-12 Experience a journey that will take you through four major aspects of Financial Planning as it comesles with personal Life Planning. You will see a focus on investment strategies and financial knowledge while helping you to understand the many aspects of personal finance, economics, estate, retirement planning. You will learn of our endless pursuits for material wealth and success at the expense of our health and well-being. Goals and planning are a common thread throughout the book, and you will be convinced of the power of the written plan as you move through the pages. Financial planning is not simply about buying a

term deposit stock or mutual fund but a comprehensive process involving every aspect of your personal financial life From the initial stage of Discovery through Knowledge Planning and Development to Action you will come to realize that it is not a one time deal depositing money into a particular investment or setting up an insurance policy It is an ongoing dynamic process that changes with your life stages and goals If you were wondering what has caused the recent financial crisis of 2008 nearly collapsing the global economy Montague explains why and how this happened Economic fundamentals ultimately determine corporate earnings which drive the stock markets up steep hills over bumpy roads and sometimes right over a cliff But written in these pages are many rational investment strategies and conservative money management ideas that will help you to save and invest throughout your careers and retirement with a peace of mind The component parts of the book are tied together by a philosophy of life that promotes a balanced and moderate life style that will result in peace of mind I will show you that you have permission to make guilt free change for selfish reasons if needed for your own self preservation Knowledge and developing a passion for learning versus the pursuit of wealth and success are alternate paths everyone should consider In the end you will discover the true secret the truth has always been inside you if you listen The major theme is quite clear on the importance to Live For Today Plan For Tomorrow **Check Your Morality** Knofel
