Crime and Punishment in the Middle Ages and Early Modern Age Albrecht Classen, Connie Scarborough, 2012-10-30 All societies are constructed based on specific rules norms and laws Hence all ethics and morality are predicated on perceived right or wrong behavior and much of human culture proves to be the result of a larger discourse on vices and virtues transgression and ideals right and wrong The topics covered in this volume addressing fundamental concerns of the

premodern world deal with allegedly criminal or simply wrong behavior which demanded punishment Sometimes this affected whole groups of people such as the innocently persecuted Jews sometimes individuals such as violent and evil princes The issue at stake here embraces all of society since it can only survive if a general framework is observed that is based in some way on justice and peace But literature and the visual arts provide many examples of open and public protests against wrongdoings ill conceived ideas and concepts and stark crimes such as theft rape and murder In fact poetic statements or paintings could carry significant potentials against those who deliberately transgressed moral and ethical norms or who even targeted themselves

Blinder,2012-12-06 **The Practitioner's Handbook** William Archibald Robson Thomson,1960 *No One Sees God* Michael Novak,2008-08-05 Surveying the contemporary religious landscape the division between atheist and believer seems stark However having long struggled to understand the purpose of life and the meaning of suffering Michael Novak finds the reality of spiritual life far different from the rhetorical war presented by bestselling atheists and the defenders of the faith who oppose them In *No One Sees God* Novak brilliantly recasts the tired debate pitting faith against

reason Both the atheist and the believer experience the same dark night in which God's presence seems absent he argues and the conflict between faith and doubt stems not from objective differences but from divergent attitudes toward the unknown Drawing from his lifelong passion for philosophy and his personal struggles with belief he shows that far from being irrational the spiritual perspective actually provides the most satisfying answers to the eternal questions of meaning Faith is a challenge at times but it nonetheless offers the only fully coherent response to the human experience Ultimately No One Sees God offers believers and unbelievers the opportunity to find common ground by acknowledging the complicated reality of the human struggle with doubt Novak provides a stirring defense of the Christian worldview while sidestepping the shrill tone that so often characterizes the discussion of faith and given the challenges faced in the present age all who value liberty will find hope in his new way of conversing
