Puzzling Shakespeare Local Reading And Its Discontents:

Puzzling Shakespeare Leah Sinanoglou Marcus, 1988 Puzzling Shakespeare Leah Sinanoglou Marcus, Marcus, Emp, 1988 *Shakespeare Was a Woman and Other Heresies* Elizabeth Winkler, 2024-04-23 A delightful romp through the Shakespeare authorship question exploring how doubting that William Shakespeare wrote the plays attributed to him became an act of blasphemy and who the Bard might really be The Curse of Eve, the Wound of the Hero Peggy McCracken, 2010-11-24 In *The Curse of Eve the Wound of the Hero* Peggy McCracken explores the role of blood symbolism in establishing and maintaining the sex gender systems of medieval culture Reading a variety of literary texts in relation to historical medical and religious discourses about blood and in the context of anthropological and religious studies McCracken offers a provocative examination of the ways gendered cultural values were mapped onto blood in the Middle Ages As McCracken demonstrates blood is gendered when that of men is prized in stories about battle and that of women is excluded from the public arena in which social and political hierarchies are contested and defined through chivalric contest In her examination of the conceptualization of familial relationships she uncovers the privileges that are grounded in gendered definitions of blood relationships She shows that in narratives about sacrifice a father's relationship to his son is described as a shared blood whereas texts about women accused of giving birth to monstrous children define the mother's contribution to conception in terms of corrupted often menstrual blood Turning to fictional representations of bloody martyrdom and of eucharistic ritual McCracken juxtaposes the blood of the wounded guardian of the grail with that of Christ and suggests that the blood from the grail king's wound is characterized in opposition to that of women and Jewish men Drawing on a range of French and other literary texts McCracken shows how the dominant ideas about blood in medieval culture point to ways of seeing modern values associated with blood in a new light and how modern representations in turn suggest new perspectives on medieval perceptions Shakespearean Tragedy John Drakakis, 2014-06-06 *Shakespearean Tragedy* brings together fifteen major contemporary essays on individual plays and the genre as a whole Each piece has been carefully chosen as a key intervention in its own right and as a representative of an influential critical approach to the genre The collection as a whole therefore provides both a guide and explanation to the various ways in which contemporary criticism has determined our understanding of the tragedies and the opportunity for assessing the wider issues such criticism raises The collection begins by considering the impact of social semiotics on approaches to the tragedies before moving on to deal in turn with the various forms of Marxist criticism New Historicism Cultural Materialism Feminism Psychoanalysis and Poststructuralism

Citizen Shakespeare J. Archer, 2005-08-19 *Shakespeare was not a citizen of London* But the language of his plays is shot through with the concerns of London freemen and their wives the diverse commercial class that nevertheless excluded adult immigrants from country towns and northern Europe alike This book combines London historiography close reading and recent theories of citizen subjectivity to demonstrate for the first time that Shakespeare's plays embody citizen and alien

identities despite their aristocratic settings Through three chapters the book points out where the city shadows the country scenes of the major comedies shows how London's trades animate the civil butchery of the history plays and explains why England's metropolis becomes the fractured Rome of tragedy **Shakespeare's History Plays** Robert Watt, 2014-06-11 Shakespeare's history plays are central to his dramatic achievement In recent years they have become more widely studied than ever stimulating intensely contested interpretations due to their relevance to central contemporary issues such as English national identities and gender roles Interpretations of the history plays have been transformed since the 1980s by new theoretically informed critical approaches Movements such as New Historicism and cultural materialism as well as psychoanalytical and post colonial approaches have swept away the humanist consensus of the mid twentieth century with its largely conservative view of the plays The last decade has seen an emergence of feminist and gender based readings of plays which were once thought overwhelmingly masculine in their concerns This book provides an up to date critical anthology representing the best work from each of the modern theoretical perspectives The introduction outlines the changing debate in an area which is now one of the liveliest in Shakespearean criticism *Shakespeare's As You Like It* M. Hunt, 2008-02-04 This book is a study of *As You Like It* which shows how the play represents issues of interest to literate playgoers of its time as well as speculatively to Shakespeare himself Textual Practice Lindsay Deputy Editor: Smith, Alan Sinfield, Jean US Associate Editor: Howard, 2006-02 Since its launch in 1987 TP has been Britain's principal international journal of radical literary studies continually pressing theory into new engagements **A Companion to Shakespeare's Works, Volume IV** Richard Dutton, Jean E. Howard, 2008-04-15 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United Kingdom and the United States Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare's poems problem comedies and late plays contains original essays on *Troilus and Cressida* *Measure for Measure* *All's Well That Ends Well* *Venus and Adonis* *The Rape of Lucrece* and *The Sonnets* as well as *Pericles* *The Winter's Tale* *Cymbeline* *The Tempest* and *The Two Noble Kinsmen* Shakespeare in Hollywood, Asia, and Cyberspace Alexander Cheng-Yuan Huang, Charles Stanley Ross, 2009 Shakespeare in Hollywood Asia and Cyberspace shows readers how ideas of Asia operate in Shakespeare performances and how Asian and Anglo European forms of cultural production combine to transcend the mode of inquiry that focuses on fidelity The result is a

new creativity that finds expression in different cultural and virtual locations including recent films and massively multiplayer online games such as Arden The World of Shakespeare The papers in this volume provide a background for these modern developments showing the history of how Shakespeare became a signifier against which Asian and Western cultures defined and continue to define themselves Hollywood films and a century of Asian readings of plays such as Hamlet and Macbeth are now conjoining in cyberspace making a world of difference in how we experience Shakespeare The papers written by experts in the field provide an introduction to the diverse incarnations and bold sequences of screen and stage that in recent decades have produced new versions of Shakespeare's great comedies and tragedies and new ways of experiencing them Authors in the first part of the collection examine body politics and race in Hollywood Shakespearean films and film techniques It complements the second part of the book in which the history of Shakespearean readings and stagings in China Indonesia Cambodia Japan Okinawa Taiwan Malaya Korea and Hong Kong are discussed Papers in the third part of the volume contain analyses of the transformation of the idea of Shakespeare in cyberspace a rapidly expanding world of new rewritings of both Shakespeare and Asia Together the three sections of this comparative study show how Asian cultures and Shakespeare affect each other how one culture is translated to another

Shakespeare's Foreign Queens Sandra Logan, 2018-05-11 This book examines Shakespeare's depiction of foreign queens as he uses them to reveal and embody tensions within early modern English politics Linking early modern and contemporary political theory and concerns through the concepts of fragmented identity hospitality citizenship and banishment Sandra Logan takes up a set of questions not widely addressed by scholars of early modern queenship How does Shakespeare's representation of these queens challenge the opposition between friend and enemy that ostensibly defines the context of the political And how do these queens expose the abusive potential of the sovereign Focusing on Katherine of Aragon in Henry VIII Hermione in The Winter's Tale Tamora in Titus Andronicus and Margaret in the first history tetralogy Logan considers them as means for exploring conditions of vulnerability alienation and exclusion common to subjects of every social position exposing the sovereign himself as the true enemy of the state

Shakespeare's Early History Plays Dominique Goy-Blanquet, 2003 Like many of his fellow playwrights Shakespeare turned to national history for inspiration In this study Dominique Goy Blanquet provides a close comparison of the Henry VI plays and Richard III with their historical and theatrical sources demonstrating how Shakespeare was able to meet not only the ideological but also the technical problems of turning history into drama how by cutting carving shaping casting his unwieldy material into performable plays he matured into the most influential dramatist and historian of his time Recent criticism of Shakespeare's history plays has often consisted of fierce arguments over their ideological import and Shakespeare's position on the spectrum of current political opinions This book however stems from the belief that a more constructive starting point for research is the exploration of the technical problems raised by turning heavy narratives into performable plays rather than the political motives that could inspire a playwright's representation of

national history Illuminating and instructive Shakespeare's Early History Plays includes not only close investigation of the verbal poetic and political texture of the plays but also provides a broad overview of the wider sixteenth century historiographical contexts of the plays and their significance to Shakespeare's oeuvre more generally

Secrets of the Sonnets: Shakespeare's Code Peter Jensen, 2006-08-17 1 Shakespeare William 1564 1616 Shakespeare's Sonnets Substitution code 1609 Quarto 2 The Poet William Shakespeare The Youth Henry Wriothesley The Dark Lady Aemelia Bessano Lanyer The Rival Poet Christopher Marlowe Deciphering Time and Timeline Names and Identities **A**

Companion to Shakespeare's Works, Volume II Richard Dutton, Jean E. Howard, 2003-06-02 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United Kingdom and the United States Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare's histories contains original essays on every history play from Henry VI to Henry V as well as fourteen additional articles on such topics as censorship in Shakespeare's histories the relation of Shakespeare's plays to other dramatic histories of the period Shakespeare's histories on film the homoerotics of Shakespeare's history plays and nation formation in Shakespeare's histories

Shakespeare in Culture Jason Gleckman, Barry Hall, Lin Chi-i, Ted Motohashi, Richard Burt, Ching-hsi Perng, Han Younglim, Minami Ryuta, Judy Celine Ick, Yoshihara Yukari, Bi-qi Beatrice Lei, Ann Thompson, Mariangela Tempera, 2012-01-01 Shakespeare as well as the reading translating teaching criticizing performing and adapting of Shakespeare does not exist outside culture Culture in its many varieties not only informs the Shakespearean corpus productions and scholarship but is also reciprocally shaped by them Culture never remains stable but constantly evolves travels procreates blends and mutates no less incessantly the understanding and rewriting of Shakespeare fluctuates The relations between Shakespeare and culture thus comprise a dynamic flux which calls for examination and reexamination It is this rich and even labyrinthine network of meanings intercultural intertextual and intergeneric that this volume intends to explicate The essays collected here most of them first presented at the Fourth Conference of the National Taiwan University Shakespeare Forum held in Taipei in 2009 cover a wide range of topics religion philosophy history aesthetics as well as politics and thereby illustrate how fruitfully complex the topic of cultural interchange can be

King Lear and the Naked Truth Judy Kronenfeld, 1998 Opening the play up to the implications of these contexts and this interpretive theory she reveals

much about Lear English Reformation religious culture and the state of contemporary criticism Shakespeare's Comedies
 Emma Smith,2008-04-15 This Guide introduces students to critical writing on Shakespeare s comedies over the last four centuries Guides students through four centuries of critical writing on Shakespeare s history plays Covers both significant early views and recent critical interventions Substantial editorial material links the articles and places them in context Annotated suggestions for further reading allow students to investigate further **Patrons and Patron Saints in Early Modern English Literature** Alison Chapman,2013-01-17 This book visits the fact that in the pre modern world saints and lords served structurally similar roles acting as patrons to those beneath them on the spiritual or social ladder with the word patron used to designate both types of elite sponsor Chapman argues that this elision of patron saints and patron lords remained a distinctive feature of the early modern English imagination and that it is central to some of the key works of literature in the period Writers like Jonson Shakespeare Spenser Drayton Donne and Milton all use medieval patron saints in order to represent and to challenge early modern ideas of patronage not just patronage in the narrow sense of the immediate economic relations obtaining between client and sponsor but also patronage as a society wide system of obligation and reward that itself crystallized a whole culture s assumptions about order and degree The works studied in this book ranging from Shakespeare s 2 Henry VI written early in the 1590s to Milton s Masque Performed at Ludlow Castle written in 1634 are patronage works either aimed at a specific patron or showing a keen awareness of the larger patronage system This volume challenges the idea that the early modern world had shrugged off its own medieval past instead arguing that Protestant writers in the period were actively using the medieval Catholic ideal of the saint as a means to represent contemporary systems of hierarchy and dependence Saints had been the ideal and idealized patrons of the medieval world and remained so for early modern English recusants As a result their legends and iconographies provided early modern Protestant authors with the perfect tool for thinking about the urgent and complex question of who owed allegiance to whom in a rapidly changing world **Renaissance Drama 32** Jeffrey Masten,Wendy Wall,2003-07-09 The essays examine the rehearsal of emotion on the Renaissance stage A number of these essays centrally consider the ways in which Renaissance plays represent early modern emotional states At the same time as the volume s title suggests many of these essays also shed new light specifically on the performance of affect on the early modern stage Editorial note

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, **Puzzling Shakespeare Local Reading And Its Discontents** . This emotionally charged ebook, available for download in a PDF format (PDF Size: *), is a celebration of love in all its forms. Download now and let the warmth of these stories envelop your heart.
