The authors also have proposed an alternative to the adult population at the time of publication. It is important to remember that even though the authors say that because the majority of the sample are the actual individuals included in the survey, we need to look at the basic principles of sampling and not principles. They also did not represent the usual convenience sample.

Other factors in addition to parents also have a strong influence on the child's reading development. For example, in 1990, Scarborough, et al. reported that the degree to which parents read to their young children affected children's reading achievement in first grade.
