Oklobdzija,2001-12-26 There is arguably no field in greater need of a comprehensive handbook than computer engineering The unparalleled rate of technological advancement the explosion of computer applications and the now in progress migration to a wireless world have made it difficult for engineers to keep up with all the developments in specialties outside their own References published only a few years ago are now sorely out of date The Computer Engineering Handbook changes all of that Under the leadership of Vojin Oklobdzija and a stellar editorial board some of the industry s foremost experts have joined forces to create what promises to be the definitive resource for computer design and engineering Instead of focusing on basic introductory material it forms a comprehensive state of the art review of the field s most recent achievements outstanding issues and future directions The world of computer engineering is

vast and evolving so rapidly that what is cutting edge today may be obsolete in a few months While exploring the new developments trends and future directions of the field The Computer Engineering Handbook captures what is fundamental and of lasting value

Midwest Symposium on Circuits and Systems** ,1995 The Neural Circuit for Spatial Representation Yasser Roudi,Lisa M. Giocomo,2012-10-12 How do we find our way The discovery of medial entorhinal cortex grid cells in 2005 stimulated a wide variety of experimental theoretical and computational work aimed at elucidating the neural circuit underlying spatial representations in the entorhinal cortex However grid cells act in concert with place cells head direction cells and border cells each playing a part in the spatial navigation circuit The aim of this Research Topics is to solicit contributions from leading researchers in the field of spatial navigation and spatial memory to present new experimental data computational modeling or discussion on mechanisms underlying the neural encoding of space in the parahippocampal cortices *IAS '96 IEEE Industry Applications Society.
