Psychology Concepts And Applications 4th Edition:

Sport Psychology Ellis Cashmore, Ernest Cashmore, 2002 Sport psychology is no longer just an academic subject it is a discipline studied and applied by all those associated with sport whether athletes coaches journalists or fans This text concerns key topics in the field of sport psychology Sport and Exercise Psychology: The Key Concepts Ellis Cashmore, 2006-02-06 Psychology is an integral element of sport today from the applied techniques of coaches and athletes to the socio psychological behaviour of sport fans Sport and Exercise Psychology The Key Concepts offers an introductory guide to the vocabulary of sport psychology to its central theories and most important avenues of research and to its application in sports performance Modern and historical illustrations are used throughout the text while an extensive bibliography and index ensure that the book is an indispensable research tool for any student of sport psychology

Performing Early Christian Literature Kelly Iverson, 2021-10-07 Scholars of early Christian literature acknowledge that oral traditions lie behind the New Testament gospels While the concept of orality is widely accepted it has not resulted in a corresponding effort to understand the reception of the gospels within their oral milieu In this book Kelly Iverson reconsiders the experiential context in which early Christian literature was received and interpreted He argues that reading and performance are distinguishable media events and significantly that they produce distinctive interpretive experiences for readers and audiences alike Iverson marshals an array of methodological perspectives demonstrating how performance generates a unique experiential context that shapes and informs the interpretive process Iverson's study explores the dynamic oral environment in which ancient audiences experienced the gospel stories He shows why an understanding of oral performance has important implications for the study of the NT as well as for several issues that are largely unquestioned by biblical scholars **Psychology**, 2013 Sports Science Handbook: I-Z Simon P. R. Jenkins, 2005 A valuable reference source for professionals and academics in this field this is an encyclopedia dictionary of the many scientific and technical terms now encountered in kinesiology and exercise science *Psychology* Jeffrey S.
