Psychology for AS Level Michael W. Eysenck,2005 Now in full colour this thoroughly revised and updated 3rd edition of Psychology for AS Level takes into account all the latest changes to the AQA A syllabus since the last edition was published It remains closely mapped to the specification making it ideal for students taking the AS Level Psychology exam New to this edition is a strong emphasis

on exam technique giving students the best chance possible of the highest grades A whole chapter is devoted to how to study and how to pass with an Examiner's Viewpoint written by the Chief Examiner at AQA. Throughout the book are hints and tips on picking up marks and there are constant page references to the summarised content in our companion AS revision guide. Further examination support is provided by our accompanying student website AS Online available on a subscription basis to all schools and sixth form colleges that adopt the text. This includes a Student Workbook, interactive exercises, sample essays, interactive multiple choice questions, a complete Exam Companion and much more. We also provide teacher resources free of charge to qualifying adopters which include a week by week teaching plan, sample essays, chapter by chapter lecture presentations and classroom exercises and activities. Please see <http://www.a-levelpsychology.co.uk> online for further details of these resources and a demo chapter of AS Online. The book includes coverage of six key areas in psychology: human memory, attachments, development, stress, abnormality, social influence and research methods. It retains the thorough content, volume of features and excellent writing style of previous editions but the layout is now fully structured to improve accessibility. Unlike other A Level textbooks which focus solely on passing the exam, Psychology for AS Level is also designed to foster an interest in the study of psychology as a subject. To this end, the book includes an additional general chapter to introduce the theories and explanations that make psychology a fascinating discipline.
