network of schools Geoff Krall had the chance to witness several inspirational moments when math class comes alive for
middle or high school students when it is challenging but also fun creative and interactive In Necessary Conditions Teaching
Secondary Math with Academic Safety Quality Tasks and Effective Facilitation Krall documents the essential ingredients that
produce these sorts of moments on a regular basis and for all students They are Academic Safety Quality Tasks and Effective
Facilitation Academic Safety Krall implements equitable classroom experiences that help fight stigmas associated with race
and gender in schools This allows students to feel socially and emotionally secure while nurturing their identities as
mathematicians and increasing engagement during classroom discussions Quality Tasks Teachers can adapt or create
dynamic student centered lessons that break down math into small manageable sections removing the frustrations felt by
students who aren't considered math people Effective Facilitation This book shows how to incorporate teaching moves and
math routines designed for engagement persistence and interactivity Teachers can allow students to explore safely while
maintaining consistent classroom expectations My work as a math instructional coach for a network of schools has afforded
me the unique opportunity to visit exceptional teachers across the country documenting their tasks teaching moves and
academically safe learning environments You'll experience dispatches from these effective classrooms in which we'll observe
how teachers attend to all three elements that make up the ecosystem Geoff Krall from his book Necessary Conditions
