**Análisis del sistema de calidad de las entidades financieras españolas a través de las preferencias de los clientes finales** María de ls Mercedes de Obesso Arias,2016-06-07 El objetivo de esta investigación es analizar la calidad percibida por los clientes de una entidad financiera en concreto a través de una serie de características y atributos reconocidos en los productos y servicios que presta en los empleados y en la identidad de la marca que representan los aspectos que los usuarios consideran relevantes y diferenciadores de las entidades financieras La importancia y atención creciente por la calidad de servicio en las entidades financieras se justifica plenamente como consecuencia de los cambios políticos y sociales que han ocurrido en España en los últimos años Esto se une a los nuevos comportamientos de los clientes bancarios ya que su mayor nivel de exigencia y cultura financiera inciden en la valoración que aquellos realizan de los servicios y productos financieros que reciben En un mercado altamente competitivo la calidad representa uno de los factores fundamentales de diferenciación que las entidades financieras pueden emplear para enfrentarse al mercado Con objeto de descubrir las variables que para los usuarios definen la calidad en las entidades financieras se realiza un estudio exploratorio consistente en la celebración de varias sesiones de grupo en las que se plantea como tema genérico la calidad Fruto de estas sesiones se obtiene la Lista Master de atributos de excelencia de servicio Mediante el análisis factorial exploratorio se identifican las dimensiones relevantes en la calidad de servicio bancario Un análisis cluster ha permitido identificar grupos homogéneos de necesidades de clientes que ha servido de base para verificar el alcance del modelo general de calidad de servicio bancario tal y como es definido en la Tesis La última parte de esta investigación se compone del resumen de los objetivos y las conclusiones alcanzadas Putting the Service-profit Chain to Work James L. Heskett,Thomas O. Jones,1994

Service Profit Chain W. Earl Sasser,Leonard A. Schlesinger,James L. Heskett,1997-04-10 In this pathbreaking book world renowned Harvard Business School service firm experts James L Heskett W Earl Sasser Jr and Leonard A Schlesinger reveal that leading companies stay on top by managing the service profit chain Why are a select few service firms better at what they do year in and year out than their competitors For most senior managers the profusion of anecdotal service excellence books fails to address this key question Based on five years of painstaking research the authors show how managers at American Express Southwest Airlines Banc One Waste Management USAA MBNA Intuit British Airways Taco Bell Fairfield Inns Ritz Carlton Hotel and the Merry Maids subsidiary of ServiceMaster employ a quantifiable set of relationships that directly links profit and growth to not only customer loyalty and satisfaction but to employee loyalty satisfaction and productivity The strongest relationships the authors discovered are those between 1 profit and customer loyalty 2 employee loyalty and customer loyalty and 3 employee satisfaction and customer satisfaction Moreover these relationships are mutually reinforcing that is satisfied customers contribute to employee satisfaction and vice versa Here finally is the foundation for a powerful strategic service vision a model on which any manager can build more focused operations and marketing

capabilities For example the authors demonstrate how in Banc One s operating divisions a direct relationship between customer loyalty measured by the depth of a relationship the number of banking services a customer utilizes and profitability led the bank to encourage existing customers to further extend the bank services they use Taco Bell has found that their stores in the top quadrant of customer satisfaction ratings outperform their other stores on all measures At American Express Travel Services offices that ticket quickly and accurately are more profitable than those which don t With hundreds of examples like these the authors show how to manage the customer employee satisfaction mirror and the customer value equation to achieve a customer s eye view of goods and services They describe how companies in any service industry can 1 measure service profit chain relationships across operating units 2 communicate the resulting self appraisal 3 develop a balanced scorecard of performance 4 develop a recognitions and rewards system tied to established measures 5 communicate results company wide 6 develop an internal best practice information exchange and 7 improve overall service profit chain performance What difference can service profit chain management make A lot Between 1986 and 1995 the common stock prices of the companies studied by the authors increased 147% nearly twice as fast as the price of the stocks of their closest competitors The proven success and high yielding results from these high achieving companies will make The Service Profit Chain required reading for senior division and business unit managers in all service companies as well as for students of service management

### **Putting The Service Profit Chain To Work Traducido Introduction**

In today's digital age, the availability of Putting The Service Profit Chain To Work Traducido books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Putting The Service Profit Chain To Work Traducido books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Putting The Service Profit Chain To Work Traducido books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Putting The Service Profit Chain To Work Traducido versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Putting The Service Profit Chain To Work Traducido books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Putting The Service Profit Chain To Work Traducido books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another

popular platform for Putting The Service Profit Chain To Work Traducido books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Putting The Service Profit Chain To Work Traducido books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Putting The Service Profit Chain To Work Traducido books and manuals for download and embark on your journey of knowledge?
