

Loyalty

Loyalty is a soft sky blue,
With a big ego and an
eager attitude.

She likes to play in clouds
up high,
With all the other things
that also fly.

She has many friends like
Laughter and Honesty,
And another that shows
complete total modesty.

She takes pride in her
work, up in the sky.
What I wouldn't give to
see her fly by!

I probably wouldn't notice;
I'm certain of that.
She'd be gone in an
instant; in ten seconds
flat.

She might seem to others
a showoff; an egomaniac
too,
But one thing's for sure;
she's twenty percent
cooler than you.

And she'll always be
there, right by your side.
Filled with courage and
hope; beaming with pride.

Debra Smith, Kathryn F. Whitmore, 2006-08-15 The goal of this book is to encourage educators and researchers to understand the complexities of adolescent gang members' lives in order to rethink their assumptions about these students in school. The particular objective is to situate four gang members as literate, caring students from loving families whose identities and literacy keep them on the margins of school. The research described in this book suggests that advocacy is a particularly effective form of critical ethnography. Smith and Whitmore argue that until schools as communities of practice enable children and adolescents to retain identities from the communities in which they are full community members, frightening numbers of students are destined to fail. The stories of four Mexican American male adolescents who were active members of a gang and Smith's students in an alternative high school program portray the complicated multiple worlds in which these boys live. As sons and teenage parents they live in a family community; as CRIP members they live in a gang community; as at-risk students, dropouts and graduates they live in a school community; and as a result of their illegal activities they live in the juvenile court community. The authors theorize about the boys' literacy in each of their communities. Literacy is viewed as ideological, related to power, and embedded in a sociocultural context. Vivid examples of conversation art, tagging, rap poetry, and other language and literacy events bring the narratives to life in figures and photographs in all the chapters. Readers will find this book engaging and readable yet thought-provoking and challenging. Audiences for Literacy and Advocacy in Adolescent Family Gang School and Juvenile Court Communities include education researchers, professionals, and students in the areas of middle high school education at risk, adolescent psychology, and alternative community programs, specifically those interested in literacy education, sociocultural theory, and popular culture. **Best Poems of 1995** Cynthia A. The Left is waging an all-out battle on the American family, particularly the youngest members. If they can make our children miserable, lead them to question every building block of society, and rebuild their entire concept of reality, then the Left and their woke indoctrinators will consider that a victory. But we can't let them win. As concerned parents and American citizens, we have to understand what's truly going on before we can do something about it. *Stolen Youth* provides an urgent, deep dive into issues surrounding the current woke indoctrination happening in politics education.
