Poems About Grandparents Raising Grandchildren:

Empowering Grandparents Raising Grandchildren Carole B. Cox, 2000-04-19 A practical and supportive manual containing a 14 session workshop designed to help grandparents who are raising their grandchildren alone written by a social services professor at Fordham University Intended to be used by group leaders teaching a workshop themes covered may be expanded or revised to fit the needs of a particular work group Successfully Raising Grandchildren Kevin D. Barnes, Sr., Brenda Barnes, 2010-09-14 While sitting at a local coffee shop in our city I began thinking about how grateful I am to have been blessed with the family that God has given me While my wife Brenda and I were raising our three sons Kevin Jr Keith and Kenneth we never did think we would have the blessing of seeing our grandchildren After all my youngest son Kenneth just recently graduated from high school We thought that after our three boys were grown we would be finished with raising or helping to raise children However we quickly discovered that after you have raised your children you must also help to successfully raise your grandchildren Many of the same principles in good parenting apply to good grandparenting and this book will help you work out the differences and successfully raise your grandchildren for God s glory Kevin D Barnes Sr and Brenda Barnes *Poetry Is Our Ministry to Touch the Heart* Anelda Ballard, Jean Anelda Scott, 2007-08 Believing that God s wants to heal hurting hearts Ballard offers inspiring and encouraging poems on various daily life problems matched with wisdom from Scriptures **Parenting the Custodial Grandchild** Bert Hayslip, Patricia Kaminski, PhD, 2008-03-24 Print CourseSmart **The Poetry of Touch** Chris McAlister, 2023-02-14 Chris McAlister is currently one of the most prominent ambassadors of Shiatsu and the Asian way of life in the West In this comprehensive and easy to read book he takes the reader on a journey right into the heart of Oriental medicine and how it overlaps with modern Western science and philosophy His profound knowledge and experience are conveyed by stories peppered with personal experiences case studies and anecdotes Sometimes poetic and sometimes straight from the heart he explains how energy manifests itself whether it is the Five Spirits the I Ching or Traditional Chinese Medicine In *The Poetry of Touch* the author offers the reader a look into the perspective of a practitioner who has spent most of his life exploring the ins and outs of East Asian Medicine Given his grounding in shiatsu he naturally comes from a place of highly valuing the art of touch in the practice of traditional medicine He shares anecdotes and wisdom from a long and circuitous journey in East Asian Medicine He references the classics especially the Yijing the Book of Changes the primary source for Chinese philosophy and worldview Unraveling the symbols and images that are foreign to westerners but imbedded in the collective unconscious he lays out the implications of this foundational text in the practice of medicine Chris unpacks the healing arts of Oriental Medicine with respect and a genuine feeling for what is essential and in so doing refreshes it and paves the way for the next generation of practitioners Chris honors the diversity and full depth of East Asian medicine Not just as a monolith of ancient knowledge but as a living breathing truth that has to be rediscovered in the life and practice of each practitioner This is a

brilliant example of the path of mastery which we are all on every time we consciously choose to cultivate this living tradition

Inheritance Law and Political Theology in Shakespeare and Milton Joseph S. Jenkins, 2016-05-23 Reading God s will and a man s Last Will as ideas that reinforce one another this study shows the relevance of England s early modern crisis regarding faith in the will of God to current debates by legal academics on the theory of property and its succession The increasing power of the dead under law in the US the UK and beyond a concern of recent volumes in law and social sciences is here addressed through a distinctive approach based on law and humanities Vividly treating literary and biblical battles of will the book suggests approaches to legal constitution informed by these dramas and by English legal history This study investigates correlations between the will of God in Judeo Christian traditions and the Last Wills of humans especially dominant males in cultures where these traditions have developed It is interdisciplinary in the sense that it engages with the limits of several fields it is informed by humanities critical theory especially Benjaminian historical materialism and Lacanian psychoanalysis but refrains from detailed theoretical considerations Dramatic narratives from the Bible Shakespeare and Milton are read as suggesting real possibilities for alternative inheritance i e constitutional regimes As Jenkins shows these texts propose ways to alleviate violence violence both personal and political through attention to inheritance law
