

“These poems, in whatever language they are read, recited, or pondered, carry the stories, dreams, and aspirations of a people who, both in and outside of Haiti, continue to use art as defiance against despair, oppression, and pain. Through these poems, we experience in a way that only art can convey the triumphs and tribulations, the struggles, the injustices, the beauty and strength, and these poets’ enduring love for Haiti. When we need it most, the poets and editors of this excellent book remind us that being Haitian is a gift.”

—*Edwidge Danticat*, writer (from the Preface)

“The particularities of this assemblage of voices converge in the conception of the body: the body as the motherland of Haïti; the body as beloved; the body as sufferer; the outraged body; the body in lamentation; the body as resistance; the body as it is ritualized in the languages embraced by these writers.”

—*Elizabeth Brunazzi*, literary critic, poet and translator, Ph.D.

« Pou lefèt ke pwezi pa jèmen ni viv nan yon vid egzistansyèl, n ap jwenn nan koleksyon sa a yon grann kantite powèm ki plenyen kont relasyon pouvwa sosyal yo ansanm ak pwoblematik dominasyon enperyalis nan mond lan. Alòske gen lòt powèt ki mete pito aksan sou lòt aspè nan eksperyans lavi oswa sou entwisyon ak emosyon yo ; an brèf, lektè yo ap jwenn nan koleksyon sa a yon ganmèl bèl bijou ki, atravè yon efè konplemantè, ogmante vitalite ak mayifikans tout ansanm lan. »

—*Tontongi*, powèt, kritik literè, ekriven

« L’anthologie, au fil des âges, illustre une formidable croyance de liberté conceptuelle, c’est-à-dire la quête d’une beauté poétique plurielle, séductrice et contagieuse. Elizabeth Brunazzi, Denizé Lauture et Tontongi ont pu rassembler avec une patience d’ange des couleurs, des mots, des sons, des parfums et des frissons contemporains qui construisent et décrivent avec une rare dextérité cet AMOUR viscéral que les poètes éprouvent pour leur terre mythique : Haïti. »

Poetry Of The Earth Mapuche Trilingual Anthology:

Poetry of the Earth: Mapuche Trilingual Anthology Sergio Holas, 2014-12-09 Mapuche poetry has flourished in recent decades and is now one of the most compelling neighbourhoods of contemporary Latin American literature. Incredibly, however, much of it remains untranslated into English. Not only does this anthology correct the situation, it goes far beyond the scale of anything published before. Some of the most important and exciting Mapuche poets are gathered here, providing versions of each poem in Mapudungun, Spanish, and English. Poetry of the Earth demonstrates how Mapuche poetry is so much more than just a collection of poems or an act of writing. Rather, it is an expression of a long, rich, and dynamic history which, at different times and places, has made use of many kinds of musical, literary, and linguistic forms. As the poems are often operatic in their scope and register, the anthology as a whole is also a sophisticated ensemble of languages, cultures, critics, and poets. Translations by Mapuche and Settler Chileans meet the translations of Chileans and Australians on the other side of the Pacific Ocean. Then, Aboriginal Mapuche and Settler scholars provide extremely useful introductory essays. Poetry of the Earth is a remarkable example of Australian-Chilean resonance and of the shared history of European colonisation of indigenous peoples around the world. This is not just an anthology of poetry from a distant land and language; it is an illustration of a vital trans-Pacific force. Stuart Cooke, Griffith University.

Culturally Responsive Teaching and Learning in Higher Education Tripp, Lucretia Octavia, Collier, Rhonda M., 2019-09-20 As diversity continues to increase in classrooms, teachers need to be culturally aware and sensitive in order to ensure student success. It is important to understand what best practices are available to support this ever-increasing awareness of learning to respect those who are different and to understand how this is key to orchestrating a series of social interactions and social contexts. Culturally Responsive Teaching and Learning in Higher Education is an essential scholarly reference source that provides comprehensive research on culturally responsive teaching and the impact of culture on teaching and contextualizes issues related to cultural diversity and inequity in education. Featuring a broad range of topics such as gender bias, STEM, and social media, the goal of the book is to build transformative educators and administrators equipped to prepare 21st-century global citizens. It is ideal for faculty, teachers, administrators, principals, curriculum developers, course designers, professionals, researchers, and students seeking to improve teaching methodologies and faculty development.

Meanjin Vol 80, No 1 Meanjin Quarterly, 2021-03-16 Embracing anger is a political act. This is not a personal project but a social one. Being passive and perpetually afraid of your power reinforces the status quo, and I am no longer interested in that. Anger is a complex emotion which is exactly why my child brain suppresses it and exactly why we as a society are afraid of it. Anger teaches us that not everything has to be either/or. In a profound and personal essay, Lucia Osbourne Crowley writes on learning to embrace anger as a multi-faceted emotion. Anger can be an act of caring; anger can be a force for personal power and interpersonal good; anger, she says, can sit alongside love and hope and connection rather than being their opposite.
