*Addicted to snow* Helge Zirkel,2006      *Chasing Epic: the Snowboard Photographs of Jeff Curtes* Steve Crist,Megan Shoemaker,2017-10-15 Snowboarding as a winter sport has exploded in popularity in the last 25 years One of the most prolific and talented photographers of this extreme sport is Jeff Curtes CHASING EPIC THE SNOWBOARD PHOTOGRAPHS OF JEFF CURTES is not only the ultimate document of snowboardingbut an impressive artistic achievement as well Curtes s camera juxtaposes the best snowboarders of our time including Shaun White and many others across impossibly beautiful majestic and insane mountainsides His compositions emphasize the lone individual soaring across awe inspiring landscapes in an almost surreal and sometimes abstract figure ground sky relationship Curtes s images capture the skill courage and freedom that these athletes possess in their pursuit of the perfect ride Jeff Curtes has been at the forefront of the snowboarding industry s imagery since his first published work back in 1992 In 1994 Curtes signed with Burton Snowboards and had been their principal photographer until 2012 nearly 20 years behind the lens on the snow Jeff s work with Burton originating with action centric images was unique in that it came from within the core snowboarder s lifestyle He was living and breathing snowboarding with his brother Joe Curtes as they traveled from the Midwest to the Mountains of the West Coast Burton allowed Curtes to travel the world in search of the epic conditions that every snowboarder dreams of and in return Curtes s camera delivered an overwhelming collection of photographs to their light table These images not only made incredible advertising and catalog content but also defined a subculture and captured the early history of snowboarding like no others before      **Snowboard** Charly Messmer,Susanne Scheuer,1991      **Fascination Snowboard** Peter Mathis,Christof Murr,1992      Lines Sean Sullivan,2003-07-01 The Snowboard Photography of Sean Sullivan rounds up action shots of snowboarders      **Transfer Snowboard Photo Book** Russell Holt,Johnny McCormack,Jake McBride,2011

Snowboard ,1998      **Winter's Children** Peter Sutherland,Peter Line,2011-01-04 Simply put Winter s Children is a celebration of the pure naked joy that burns at the heart of snowboarding Tellingly absent from this unusual series of photographs is the brash consumerism that not merely clutters but absolutely defines the snowboarding industry today With an introduction from legendary snowboarder Peter Line the book serves as both a commentary on the commercial snowboarding industry and a playful hybrid of youth culture and nature photography During the winter of 2010 photographer filmmaker and former sponsored snowboarder Jim Mangan left an 11 year career in the business side of snowboarding and lit out for the remote backcountry of Idaho s Sawtooth Mountains to recharge and redirect Accompanying him were seven accomplished snowboarders including his college friend Peter Sutherland now a renowned photographer and artist as well as rising stars of the sport s next generation like Laura Hadar and Alex Andrews Away from the corporate sponsors the perfectly manicured terrain parks and halfpipes and the ever present audience the riders literally stripped away all artifice along with

their clothing in a powerful artistic statement that honors the original roots of the sport Using vintage snowboards from the early 1980s and clad only in vibrant Native American blankets that contrast with the stark winter landscape the seven riders soared naked and uninhibited down empty slopes Mangan captures not just the action but the unfolding of emotion on intentionally grainy 35 mm film that reflects the ethos of snowboarding s early years As I exited the snowboarding business I wanted to recreate the feelings that originally drew me to the sport explains Mangan This project is an exaggerated overstatement of those feelings Ultimately for the photographer the riders and the viewers Winter s Children becomes a baptism with the cold snow washing away the neon filth of consumerism and serving as a bracing reminder of snowboarding s pure origins
