*Arianna Huffington* Leah McGrath Goodman, 2020-03-26 Arianna Huffington is one of the world's most prominent business leaders in media. As co-founder and editor in chief of The Huffington Post, she built the first internet newspaper which eclipsed the traffic of The New York Times and won the Pulitzer Prize. Creating a digital media empire from an investment of just over 1 million, she sold HuffPost to AOL in 2011 for more than 300 million. HuffPost went on to become the flagship publication for global telecommunications giant Verizon before being acquired by BuzzFeed in 2020. Considered to be one of the most influential women on earth, Huffington went on to establish Thrive Global, a wellness and technology start-up that aims to end the stress and burnout epidemic. This concise but richly detailed biography provides an overview of Huffington's life and career, chronicling her journey from Athens to London, New York, Washington, and California across seven decades. From her earliest days, Huffington faced overwhelming challenges to carve a bold path that brought her fame, power, and wealth. This book reveals her personal insights, how her companies tick, and what lies ahead. Smart, insightful, and often startling, this book shows readers how Huffington did it, transforming herself from a struggling aspiring author to a serial entrepreneur and ultimately reigning queen of media.

Work-Life Bloom Dan Pontefract, 2023-10-24 GOLD MEDAL WINNER 2024 AXIOM BUSINESS BOOKS AWARD LEADERSHIP CATEGORY Work-life balance isn't making anyone happy. In fact, our relentless attempts to achieve this goal have created workplaces full of stress, discontent, and burnout. While this workplace disillusionment has been brewing for years, the pandemic helped catalyze a cultural shift of workers redefining themselves beyond what they do for a living. Now it's time for you to rethink your role as a leader in the nexus of work and life. In Work-Life Bloom: How to Nurture a Team That Flourishes, award-winning author Dan Pontefract contends that a thriving workplace isn't about employee engagement levels nor is it predicated on

your team members bringing their best selves to work. Instead, it requires you to support the people you manage so they can be their best in work and life. Just as a flower needs the right mix of sunlight, water, and nutrients to grow, your people need the right mix of work-life factors to create a fulfilling and harmonious existence. Pontefract introduces a new leadership paradigm focused on twelve key work-life factors that determine whether your team members' gardens are able to grow. Drawing upon primary global research, interviews, and personal experiences, Pontefract delivers a timely blueprint for leaders to cultivate work-life ecosystems where individuals don't just survive; they bloom. **Thrive** Arianna Huffington, 2015-01-02

In *Thrive*, Arianna Huffington, the co-founder and editor in chief of the Huffington Post and one of the most influential women in the world, has written a passionate call to arms looking to redefine what it means to be successful in today's world. She likens our drive for money and power to two legs of a three-legged stool. It may hold us up temporarily, but sooner or later, we're going to topple over. We need a third leg: a Third Metric for defining success in order to live a healthy, productive, and meaningful life. In this deeply personal book, Arianna talks candidly about her own challenges with managing time and prioritising the demands of a career and two daughters. Drawing on the latest groundbreaking research and scientific findings in the fields of psychology, sports, sleep, and physiology that show the profound and transformative effects of meditation, mindfulness, unplugging, and giving, Arianna shows us the way to a revolution in our culture, our thinking, our workplaces, and our lives. *Balanced Life: Happy Life* Elizabeth Gavino, 2015-04-28
