**The Wolf Tamers: How They Made the Strong Weak** David Sinclair, 2023-02-21

In the war of the wolves and the sheep what if the sheep started winning Are human wolves a keystone species of the human race If they were hunted to extinction leaving no one to winnow the mediocre mob what would happen to humanity The narrator in the movie Idiocracy was on point when he said Evolution does not necessarily reward intelligence With no natural predators to thin the herd it began to simply reward those who reproduced the most and left the intelligent to become an endangered species The same is true of strength Without the strong the weak will reproduce more and more and eventually there will only be weakness mediocrity an inability an impossibility to achieve anything great and glorious The strangest war is being fought It's a war to destroy human intelligence and human strength This war says that wolves must be exterminated or made into non-wolves by taming them And then they can become pets You know just like dogs You put a collar on them You put a leash on them You take them for walks You tickle their tummy You make them perform tricks You make them roll over and play dead They are wholly dependent on you They have separation anxiety when you're not there They have to make the intelligent stupid They have to make the strong weak But they don't know what they're doing The task is not to tame wolves It's to make them smarter and stronger It's to subliminate them Without the wolves there is only decadence and degeneration Without the wolves to control mediocrity mediocrity grows exponentially Why did the Roman Empire fall It was because all the Roman

wolves had gone Only mediocrities were left They could do nothing to hold back the barbarian tide Civilizations always end when the wolves vanish New cultures begin when new wolves start a new lupine era full of strength and vigor Are you a lone wolf Are you one of the wolf pack Or are you part of the gang trying to tame all wolves Do you want to see the empire fall When it no longer has any strength left when mediocrities are in charge of everything then the end is certain As Wilfred Owen said What passing bells for these who die as cattle Was it for this the clay grew tall      Investigation on Administration of Refugee Relief Act United States.
