

The research summary we offer in this paper concentrate on The Qualitative research method, and focusing on the two major parts of research method which are the Data Collection procedure and Data Analysis. We explore different approaches of data collection methods and their points of strength and weaknesses, and also exploring multiple data analysis tools. We are trying to provide a summary of most effective and common Data collection and Data analysis approaches to the qualitative research method.

To achieve the goal of this research and to accomplish “rich theoretical insights [12] p. 613.” LePine and Wilcox-King [13] states that “developing new theoretical insights that advances our understanding [13] p. 506” is the evaluation of “review centric research approach” where researchers study and evaluate “existing theory and research [13] p. 506” and the take benefit from existing literature “Review and summarize the theoretical and empirical knowledge existing in a given literature [13] p. 506”.

This article focuses on “previously established studies and concepts” from the academic literature that “advances our understanding [13] p. 507”. The Paper provides successful overview about the Qualitative Research Method.
