

A promotional image for the video game Resident Evil: The Umbrella Chronicles. The background features a large, dark, close-up profile of a person's face, possibly a character from the game, with a yellow light source visible. In the foreground, five characters are shown in a line, holding firearms. From left to right: a woman with blonde hair holding a handgun, a man in a military uniform with a beret, a man in a military uniform with a beret, a woman with blonde hair holding a handgun, and a man holding a shotgun. The title "resident evil" is written in a stylized, red, outlined font, and "THE UMBRELLA CHRONICLES" is written in a smaller, purple, outlined font below it.

## **Resident Evil Umbrella Chronicles Guide:**

*The Video Games Guide* Matt Fox, 2013-01-17 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design from the very earliest 1962's Spacewar through the present-day releases on the PlayStation 3, Xbox 360, Wii, and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels, and of course the author's views and insights into the game. In addition to the main entries and reviews, a full color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

**The Rough Guide to Videogames** Kate Berens, Geoff Howard, 2008 A guide to a plethora of computer games, characters, players, and the world surrounding them.

**Complex Magazine and Guide**, 2007

**Nintendo Power**, 2007

**Science Fiction Video Games** Neal Roger Tringham, 2014-09-10 Understand Video Games as Works of Science Fiction and Interactive Stories. Science Fiction Video Games focuses on games that are part of the science fiction genre rather than set in magical milieus or exaggerated versions of our own world. Unlike many existing books and websites that cover some of the same material, this book emphasizes critical analysis, especially the analysis of narrative. The author analyzes narrative via an original categorization of story forms in games. He also discusses video games as works of science fiction, including their characteristic themes and the links between them and other forms of science fiction. Delve into a Collection of Science Fiction Games. The beginning chapters explore game design and the history of science-fictional video games. The majority of the text deals with individual science-fictional games and the histories and natures of their various forms, such as the puzzle-based adventure and the more exploratory and immediate computer role-playing game (RPG).

Resident Evil Damien Waples, 2007-11-13 At a glance, maps detail every item, alternate path, and secret room. Complete transcripts of the Umbrella files. Gain a deeper understanding of the people, places, monsters, and events involved in the outbreak. Unlock infinite ammo, open every level, obtain all the special items, and more. The ranking system exposed. Learn how to earn an S on every level. All hidden file locations revealed. Strategy to defeat every infected creature and bio-organic weapon in the game. Weapon stats and upgrade tables.

*Devil May Cry 4* Dan Birlew, 2008-02 Complete step-by-step mission analyses illustrated with maps and screenshots. All hidden items and secret missions are exposed with tips for completing strenuous side challenges. Complete lists of bonus modes, attack combos, and other extras. Full charts explore the mission ranking system, giving players the details and the exact scores needed to get the highest rank.
