Snowy Night With A Stranger:

Snowy Night with a Stranger Jane Feather, Sabrina Jeffries, Julia London, 2008-10-28 Warm up on a winter's night with three passionate love stories from three shining New York Times bestselling authors Jane Feather leads an unwitting Yuletide traveler down a twisting path Edward Vasey Viscount Allenton is journeying precariously through a snowstorm when his coach is overtaken by highwaymen Robbed of his money Ned takes refuge at Selby Hall where a spirited beauty with a shocking secret may steal something more his heart Sabrina Jeffries unlocks the heart of an embittered lord When a coach accident strands heiress Elinor Bancroft at the home of the notorious Black Baron she discovers the Christmas Day heartache that darkened his soul years ago and her generous heart brings a festive air to his home and reawakens his spirit to love Julia London sends a debutante into the wintry Scottish wilds Searching for her rakehell brother an earl lying low in the wake of a scandalous affair Fiona Haines is led by a rugged Highlander who obscures his scarred face As they journey on Fiona draws closer to her brave enigmatic protector but will fury or passion ignite when he reveals his identity *Snowy Night with a Stranger* Jane Feather, 2010

C.P. Snow's Strangers and Brothers as Mid-twentieth-century History Terrance L. Lewis, 2009 This book studies C P Snow's eleven volume series of novels *Strangers and Brothers* as documents detailing the social and political life of mid twentieth century Britain and points out the uses for the novels in the academic study of that time period Both Snow and his central character Lewis S Eliot started from unremarkable origins in terms of their mutual background in the lower reaches of the middle class their dreams of success in their teen years and their early professional education in a new struggling academic institution in the mid 1920s Neither could really be considered typical for men of their class Eliot's working life would include being a very minor town clerk a barrister an advisor to a powerful industrialist a Cambridge don a moderately powerful civil servant and finally in early retirement a writer Eliot would befriend members of both the traditional and Jewish upper classes scholars and brilliant scientists powerful behind the scenes civil servants second tier British and Nazi politicians financiers and industrialists Communists and writers and artists providing a fairly broad overview of parts of the middle class and ruling elites of the period Snow's sequence of novels is therefore useful to the historian of twentieth century Britain both in understanding the period as it recedes away from common experience and in presenting the period in the classroom Snow was a classic twentieth century writer who presented a more balanced account of the British governing classes of the middle third of the twentieth century than did the upper class and would be upper class or working class writers of the same period His novels provide an insight that every student of twentieth century Britain must have on hand *The Stranger in the Snow* Lester Goran, 1966

Nightshade William Johnston, 1857

Snowy Night with a Highlander Julia London, 2012-11-27 From an author who creates magic and leaves her fans begging for more Romantic Times comes a delightful eNovella that first appeared in the anthology *Snowy Night with a Stranger* and is now available as a standalone eBook Searching for her rakehell brother an earl lying low in the wake of a

scandalous affair Fiona Haines is guided by a rugged Highlander who obscures his scarred face As they journey on Fiona becomes closer to her brave enigmatic hero but will fury or passion ignite when he reveals his identity **Snow White: Mirror, Mirror** Walt Disney Company Ltd,2020-04-30 Following her beloved mother s death the kingdom falls to Snow White s stepmother known as the Evil Queen At first Snow keeps her head down hoping to make the best of things However when new information about her parents comes to light and a plot to kill her goes wrong Snow embarks on a journey to stop the Evil Queen and take back her kingdom Can Snow defeat an enemy who will stop at nothing to retain power including going after the ones Snow loves C.P. Snow N. Tredell,2012-09-24 Novelist and cultural commentator C P Snow was a large and controversial presence in his lifetime but his work has been largely neglected since his death in 1980 This is the first 21st century book to offer a clear informed and sympathetic survey of all his novels and major non fiction books and to affirm their importance for the world today SNOW BABY Brenda Novak,2015-12-14 Join New York Times bestselling author Brenda Novak in this popular story about a family searching for the perfect man It happened one snowy night When Chantel Miller gets lost during an unexpected snowstorm a stranger named Dillon Broderick rescues her In the hours they spend together they become very close and the intimacy of that night creates a special bond between them But real life intervenes The woman Chantel was on her way to see is her sister Stacy The woman Dillon was on his way to see is Stacy They ve been friends for some time but now there s an added complication Stacy s in love with him Which means Chantel can t pursue a relationship with Dillon Even when she discovers she s pregnant because of that snowy night C. P. Snow and the Struggle of Modernity John de la Mothe,2013-09-06 The condition of modernity springs from that tension between science and the humanities that had its roots in the Enlightenment but reached its full flowering with the rise of twentieth century technology It manifests itself most notably in the crisis of individuality that is generated by the nexus of science literature and politics one that challenges each of us to find a way of balancing our personal identities between our public and private selves in an otherwise estranging world This challenge which can only be expressed as the struggle of modernity perhaps finds no better expression than in C P Snow In his career as novelist scientist and civil servant C P Snow 1905 1980 attempted to bridge the disparate worlds of modern science and the humanities While Snow is often regarded as a late Victorian liberal who has little to say about the modernist period in which he lived and wrote de la Mothe challenges this judgment reassessing Snow s place in twentieth century thought He argues that Snow s life and writings most notably his Strangers and Brothers sequence of novels and his provocative thesis in The Two Cultures and the Scientific Revolution reflect a persistent struggle with the nature of modernity They manifest Snow s belief that science and technology were at the center of modern life *From Vanderhoof to Lower Post* Clem Reiersen,2014-04 A true wilderness adventure that took place in northern British Columbia in the fall of 1954 Clem Reiersen was hired by Willard Wilf Freer to help take a string of packhorses from Germansen landing north through an untamed territory to the Ketchika River Valley After Wilf and Clem

reached their destination at Skook s Diamond J Horse Ranch Clem waited for a plane that Wilf assured him would fly him out to Watson Lake Months went by and no plane arrived So it was decided in the dead of winter to snowshoe out to Lower Post
