Catherine Gomes

Sociology Unit 1 Past Paper 2013:

Sociology and Social Work Jo Cunningham, Steve Cunningham, 2014-03-24 Sociological perspectives and their application to social work are an inherent part of the QAA benchmark statements in the social work degree. In addition, graduates must understand how sociological perspectives can be used to dissect societal and structural influences on human behaviour at individual, group and community levels. This fully revised second edition includes a new chapter on social class and welfare and is mapped to the new Professional Capabilities Framework for Social Work. [The Wiley Blackwell Companion to Sociology](#) George Ritzer, Wendy Wiedenhof Murphy, 2019-12-16 The new updated edition of the authoritative and comprehensive survey of modern sociology. The Wiley Blackwell Companion to Sociology Second Edition is an authoritative survey of the major topics, current and emerging trends and contemporary issues in the study of human social relationships and institutions. A collection of contributions from globally recognized scholars and experts explore the theoretical and methodological foundations of sociology, new and established debates and the most current research in the field. Broad in scope, this book covers a multitude of topics ranging from crime, urbanization, sexuality and education to new questions surrounding big data, authoritarian capitalism and the rise of nationalism. Since the first edition of the Companion was published, new developments have emerged and new problems have been created, such as the omnipresence of social media, political and institutional upheaval and the global refugee and immigration crises. This revised and updated second edition describes and explains social changes that have occurred in the past several years, both within the field of sociology and society as a whole. Previous material has been updated to reflect current research, while eleven new chapters address topics including feminist theory, debt and social change, and armed conflict and war. This comprehensive volume offers an engaging and accessible guide to the field of sociology, revised and updated for the second edition. Presents wide-ranging comprehensive coverage of the discipline. Explores issues of contemporary relevance such as digital media and consumption. Reflects state-of-the-art scholarship and contemporary debates. New chapters for the second edition cover essential topics including feminist theory, armed conflict, big data, authoritarian capitalism, debt and social change, and the rise of nationalism. The Wiley Blackwell Companion to Sociology Second Edition is an invaluable resource for academics and graduate students, researchers, scholars and educators in the discipline of sociology and allied fields such as anthropology, human geography, political science and psychology.

The Oxford Handbook of Indigenous Sociology Maggie Walter,Tahu Kukutai,Angela Gonzales,Robert Henry,2023 The Oxford Handbook of Indigenous Sociology challenges the traditional way that Indigenous Peoples and Societies are understood within the discipline It does so by bringing together 40 leading and emerging Indigenous scholars from across the CANZUS Countries to provide for the first time an authoritative state of the art survey of Indigenous sociological thinking These authors demonstrate that the Indigenous sociological voice is a new sociological paradigm and demonstrates a distinctively Indigenous methodological approach

North Korea and the Science of Provocation Robert Daniel Wallace,2016-02-03 Why does North Korea routinely turn to provocation to achieve foreign policy goals Are the actions of the volatile Kim regime predictable based on logical responses to the conditions faced by North Korea This book an examination of the Hermit Kingdom over the past 50 years explains why the Democratic People s Republic of Korea uses hostility and coercion as instruments of foreign policy Using three case studies and quantitative analysis of more than 2 000 conflict events the author explores the relationship between North Korea s societal conditions and its propensity for external conflict These findings are considered in light of diversionary theory the idea that leaders use external conflict to divert attention from domestic affairs Analyzing the actions of an isolated state such as North Korea provides a template for conflict scholarship in general

Bourdieu: The Next Generation Jenny Thatcher,Nicola Ingram,Ciaran Burke,Jessie Abrahams,2015-12-22 This book will give unique insight into how a new generation of Bourdieusian researchers apply Bourdieu to contemporary issues It will provide a discussion of the working mechanisms of thinking through and or with Bourdieu when analysing data In each chapter individual authors discuss and reflect upon their own research and the ways in which they put Bourdieu to work The aim of this book is not to just to provide examples of the development of Bourdieusian research but for each author to reflect on the ways in which they came across Bourdieu s work why it speaks to them including a reflexive consideration of their own background and the way in which it is thus useful in their thinking Many of the authors were introduced to Bourdieu s works after his death The

research problems which the individual authors tackle are contextualised in a different time and space to the one Bourdieu occupied when he was developing his conceptual framework This book will demonstrate how his concepts can be applied as thinking tools to understand contemporary social reality Throughout Bourdieu's career he argued that sociologists need to create an epistemological break to abandon our common sense or as much as we can and to formulate findings from our results In essence we are putting Bourdieu to work to provide a structural constructivist approach to social reality anchored through empirical reflexivity

The Asia-Pacific in the Age of Transnational Mobility Catherine Gomes, 2016-12-01 The growing mobility of people within and into the Asia Pacific region has created environments of increasing diversity as nations become hosts to both permanent and temporary multicultural societies How do we begin to gauge the impact of mobility and multiculturalism on individuals and groups in this diverse region today The authors of *The Asia Pacific in the Age of Transnational Mobility* turn to social media as a tool of inquiry to map how mobile subjects and minorities articulate their sense of community and identity The authors see social media as a platform that allows users to document and express their individual and collective identities sometimes in restrictive communication environments while providing a sense of belonging and agency They present original empirical work that attempts to help readers understand how mobile subjects who circulate in the Asia Pacific create a sense of community for themselves and articulate their ethnic ideological and national identities

Access to Higher Education Anna Mountford-Zimdars, Neil Harrison, 2016-11-18 How do we understand and explain who has access to higher education How do we make sense of persisting and new forms of inequality How can global national and institutional policymakers and practitioners make higher education more inclusive *Access to Higher Education* Theoretical perspectives and contemporary challenges seeks to update thinking on these questions combining new voices and emerging perspectives with established writers in the field This pioneering text highlights the contribution of social theory to issues of access to education with chapters introducing and drawing on the works of key interdisciplinary thinkers including Pierre Bourdieu Margaret Archer Amartya Sen and Herbert Simon It then moves to examines how theoretical perspectives can be applied to the contemporary challenges of forging more equal access with examples drawn from a wide range of contexts including the UK the US Australia South Africa and Japan Global in scope this book documents the shared nature of the access challenge in a period when higher education is growing rapidly but inequalities continue to be stark It concludes by proposing a new direction for research and a reassertion of the role of the researcher as a social activist for disconnected and disadvantaged groups equipped with the thinking tools needed to move the agenda forward *Access to Higher Education* is a rigorous text for the global research community with relevance to policymakers practitioners and postgraduate students interested in social justice and social policy It provides those with an academic interest in access and a commitment to enhancing policy with theoretical and practical ideas for moving the access agenda forward in their institutional regional or national contexts

Making Public in a Privatized World David A.

McDonald,2016-02-15 How do we provide effective public services in a deeply neoliberal world In the wake of the widespread failure of privatisation efforts societies in the global south are increasingly seeking progressive ways of recreating the public sector With contributors ranging from cutting edge scholars to activists working in health water and energy provision and with case studies covering a broad spectrum of localities and actors Making Public in a Privatized World uncovers the radically different ways in which public services are being reshaped from the grassroots up From communities holding the state accountable for public health in rural Guatemala to waste pickers in India and decentralized solar electricity initiatives in Africa the essays in this collection offer probing insights into the complex ways in which people are building genuine alternatives to privatization while also illustrating the challenges which communities face in creating public services which are not subordinated to the logic of the market or to the monolithic state entities of the past

Culture, Capitals and Graduate Futures Ciaran Burke,2015-08-27 In a time of too many graduates for too few jobs and in a context where applicants have similar levels of educational capital what other factors influence graduate career trajectories Based on the life history interviews of graduates and framed through a Bourdieusian sociological lens Culture Capitals and Graduate Futures explores the continuing role that social class as well as cultural and social capitals have on both the aspirations and expectations towards and the trajectories within the graduate labour market Framed within the current context of increasing levels of university graduates and the falling numbers of graduate positions available in the UK labour market this book provides a critical examination of the supposedly linear and meritocratic relationship between higher education and graduate employment proposed by official discourses from government at both local and national levels Through a critical engagement with the empirical findings Culture Capitals and Graduate Futures asks important questions for the effective continuation of the widening participation agenda This timely book will be of interest to higher education professionals working within widening participation policy and higher education policy Rural Politics in Contemporary
