Threeteen To Yuma And Other Stories:

Three-ten to Yuma and Other Stories Elmore Leonard, 2006 Perspectives on Elmore Leonard Andrew J. Rausch, 2022-05-20 American crime novelist Elmore Leonard 1925 2013 has a voice that is original and immediately recognizable This collection of original interviews with fellow authors filmmakers collaborators and critics covers all things Leonard from analyses of characterization and dialogue in his writing to his many screen adaptations What makes Leonard's work more cinematic than that of other talented contemporaries is his deceptively simplistic method of description that still manages to paint a vivid picture in the reader's mind The unique perspectives in this collection discuss many of Leonard's 44 novels including those that have been adapted to television and motion pictures like *Get Shorty* *Out of Sight* and *Jackie Brown* *Three-Ten to Yuma and Other Stories* , 2006-11-28 *Bible and Cinema* Adele Reinhartz, 2022-03-30 Bible and Cinema An Introduction is a comprehensive examination of how the Bible has been used and represented in mainstream cinema to develop its plots characters and themes The book considers two general types of films Bible movies that retell biblical stories such as the Exodus and the life of Jesus and Bible related movies that make use of biblical books stories verses and figures and Bibles themselves to tell non biblical often fictional narratives Topics covered include the contribution of Bible and Bible related movies to the history of the Bible's reception the ways in which filmmakers make use of scripture to address and reflect their own time and place the Bible as a vehicle through which films can address social and political issues reflect human experiences and emotions explore existential issues such as evil and death and express themes such as destruction and redemption the role of the Bible as a source of ethics and morality and how this role is both perpetuated and undermined in a range of contemporary Hollywood films and film as a medium for experiences of transcendence and the role of the Bible in creating such experiences This thoroughly updated second edition includes insightful analysis of films such as *Noah* *Gods and Men* *Mary Magdalene* and *The Shawshank Redemption* paying attention to visual and aural elements as well as plot character and dialogue The book also includes pedagogical resources including discussions of film theory as well as key words and discussion questions Teachers students and anyone interested in the intersection of Bible and cinema will find this an invaluable guide to a growing field **A Dictionary of Writers and their Works** Christopher Riches, Michael Cox, 2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer's nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication **Remakes and Remaking** Rüdiger Heinze, Lucia Krämer, 2015-02-15 From *Avatar* to danced versions of *Romeo and Juliet* from Bollywood films to *Star Wars*

Brode,2019-12-12 Focusing on twenty first century Western films including all major releases since the turn of the century the essays in this volume cover a broad range of aesthetic and thematic aspects explored in these films including gender and race As diverse contributors focus on the individual subgenres of the traditional Western the gunfighter the Cavalry vs Native American conflict the role of women in Westerns etc they share an understanding of the twenty first century Western may be understood as a genre in itself They argue that the films discussed here reimagine certain aspects of the more conventional Western and often reverse the ideology contained within them while employing certain forms and clichés that have become synonymous internationally with Westerns The result is a contemporary sensibility that might be referred to as the postmodern Western

ReFocus: The Films of Delmer Daves Matthew Carter,2016-05-25 From Destination Tokyo 1943 to The Battle of the Villa Fiorita 1965 Delmer Daves was responsible for a unique body of work but few filmmakers have been as critically overlooked in existing scholarly literature Often regarded as an embodiment of the self effacing craftsmanship of classical and post War Hollywood films such as Broken Arrow 1950 and 3 10 to Yuma 1957 reveal a filmmaker concerned with style as much as sociocultural significance As the first comprehensive study of Daves's career this collection of essays seeks to deepen our understanding of his work and also to problematize existing conceptions of him as a competent conventional and even naïve studio man
